TIPS TO QUALIFY:

1. For #1 and #2, you must meet the rank qualification for the first time.
2. For #3, #4, and #5, you must qualify as an International Diamond in the same month that you achieve the required volume level.
3. Qualifications in a single month can only count towards winning one Great Escape trip. Example: If you qualify as a new Presidential Diamond in month 1, qualify again as a Presidential Diamond in month 2, then qualify as a new International Diamond in month 3, the month that you achieve the International Diamond rank will count towards your qualifications for your Presidential Diamond Great Escape trip (not your International Diamond trip). After you earn the Presidential Diamond trip, then you will have six months to qualify two more times as an International Diamond to earn the International Diamond Great Escape trip.
4. Trips should be earned in sequential order as shown above: #1–#5.
5. Distributors with organizational volume over 250,000 GLP should work to qualify for the Platinum Pinnacle/Gold Getaway.
