

4Life Transfer Factor® Reflexion™

Daily support for a positive mood*

- Enhances your ability to cope with the daily stresses of life*
- Promotes relaxation, a positive mood, and the ability to focus*
- Supports the immune system's ability to function properly in times of occasional stress*

What is 4Life Transfer Factor Reflexion?

4Life Transfer Factor Reflexion™ is tailored for busy individuals who wish to improve their overall mood, cognitive focus, and ability to cope with stress in daily life. The proprietary blend of natural ingredients, including L-Theanine and wild green oat (*Avena sativa*), supports brain and circulatory system function. 4Life Transfer Factor Reflexion promotes healthy physiological responses to occasional stress, including blood pressure and heart rate.*

Key Features

- Includes the extensively researched ingredients L-Theanine and wild green oat extract to support a positive mood*
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember threats*
- Alleviates some of the temporary negative physiological responses that accompany occasional mental stress—including changes in heart rate, blood pressure, and immune system response*
- Is protected by U.S. patents 6,468,534 (extraction process for transfer factors from chicken egg yolk) and 6,866,868 (exclusive combination techniques for transfer factors from cow colostrum and chicken egg yolk)

Did you know?

The American Psychological Association (APA) reported in 2015 that 72% of adults feel stressed. Most respondents cited work and money as the causes of stress.
