

# enummi® Spa Body Scrub

Total body exfoliator with a gentle, natural approach

- Gently exfoliates and eases away dead skin surface layers with invigorating activity
- Soothes and smooths skin for a lovely, fresh finish
- Offers a delightful, yet subtle, tropical fruit fragrance and paraben-free formula

## What Is enummi® Spa Body Scrub?

enummi® Spa Body Scrub is a total body exfoliator with a gentle, natural approach, featuring exfoliators and fruit acids to nudge away dead skin cells. Rich oils and aloe calm and enrich skin's fresh surface layer to reveal skin that looks totally buffed and beautified.

## Key Features

- Offers a sumptuous formula with an abundance of natural exfoliants that give the gel its warm, brown appearance
- Provides a mild and soothing formula
- Includes the perfect ratio of surface exfoliants—fruit acids and rich oils—to sweep skin of dead cells and nourish the fresh layer

## Key Ingredients

- **Apricot seed powder** is all-natural and widely used for mild exfoliation. It removes surface skin and debris, and promotes clear skin. When ground up, the seed forms spheres, so it's more gentle on the skin than other seeds used as exfoliating elements.
- **Coconut oil** has an excellent moisturizing effect on the skin.
- **Sunflower seed oil** is a natural and healthy way of maintaining beautiful skin, thanks to its moisturizing properties. It provides a rich source of unsaturated linoleic and oleic fatty acids and vitamin E.
- **Papaya fruit extract** is excellent for balancing the oiliness of the skin and working as an exfoliant on dry areas. Papaya is often used to help give a rejuvenated look to the skin. It contains vitamin A, which helps reveal the next layer of the skin and exposes a radiant complexion. And it contains vitamin C, an antioxidant with wonderful qualities that helps to smooth and soften the skin.
- **Aloe vera** contains vitamins, minerals, and essential amino acids to protect skin from dryness. Aloe vera also nourishes and refreshes skin texture.

**DIRECTIONS:** Apply 2 to 3 times per week to wet skin and massage in circular motions all over the body. Rinse clean. Follow with enummi® Intensive Body Lotion or enummi® Spa Body Butter.

**INGREDIENTS:** Water, sodium C14-16 olefin sulfonate, *Prunus armeniaca* (apricot) seed powder, cocamidopropyl betaine, glycerin, acrylates/C10-30 alkyl acrylate crosspolymer, *Prunus armeniaca* (apricot) kernel oil, *Carica papaya* (papaya) fruit extract, *Cocos nucifera* (coconut) oil, *Aloe barbadensis* leaf juice, Helianthus annuus (sunflower) seed oil, sodium benzoate, potassium sorbate, tetrasodium EDTA, aminomethyl propanol, methylisothiazolinone, methylchloroisothiazolinone, and fragrance.
