What Is enummi Skin Recovery Supplement?

enummi Skin Recovery Supplement is a vital step in the enummi Skin Care system. It maximizes the rejuvenating potential of the topical treatments and helps your skin recover from normal daily exposure to environmental threats. It also helps promote the youthful and vibrant appearance of skin from the inside out.*

Key Ingredients

- **Ceramides** reinforce the moisture level of skin from the inside out. They help increase water content in the surface of skin by up to 290% in three weeks.*
- **New Zealand Pine bark extract** is a concentrated source of powerful bioflavonoids that may help bolster the skin's own protective behavior, elasticity, and smoothness by improving the mechanical properties and resistance to the degradation of skin collagen.*
- **Soy isoflavones** improve skin elasticity and help reduce the appearance of fine lines and wrinkles.*
- **α-Lipoic Acid** supports the skin's antioxidant capacity.*
- **Fish collagen** and **L-lysine** provide biologically similar nutrients to those used as building blocks for skin structure and health.*
- **Mixed carotenoids** are present in skin and are used as a marker of the skin's antioxidant status.*
- **4Life Tri-Factor[®] Formula** provides whole-body immune system support.*
