

FemRite®

Unique wild yam cream formulated especially for women

- Includes cucumber extract, avocado extract, and aloe
- Provides wild yam extract and jojoba

What Is FemRite?

FemRite is a unique female cream that contains a rich blend of wild yam extract, aloe, jojoba, and avocado extract.

DIRECTIONS: Apply $\frac{1}{4}$ to $\frac{1}{2}$ teaspoon of cream to soft skin areas of the body, such as breasts, buttocks, inner thighs, and upper inner arms. Use once a day, preferably just before bedtime.

For Best Results: Use FemRite in conjunction with BioGenistein Ultra®.

To determine sensitivity, test small amount on inner forearm before first use.

INGREDIENTS: Water, *Dioscorea villosa* (wild yam) root extract, oleyl alcohol, glyceryl stearate, cetyl alcohol, glycerin, sodium behenoyl lactylate, *Helianthus annuus* (sunflower) seed oil, *Simmondsia chinensis* (jojoba) seed oil, progesterone, phenoxyethanol, caprylyl glycol, *Aloe barbadensis* leaf juice, disodium EDTA, tocopheryl acetate, sorbic acid, *Cucumis sativus* (cucumber) fruit extract, *Persea gratissima* (avocado) fruit extract, sodium PCA, sodium lactate, propylene glycol, arginine, aspartic acid, PCA, hydrolyzed glycosaminoglycans, glycine, alanine, serine, valine, isoleucine, proline, threonine, sodium hyaluronate, hexylene glycol, histidine, and phenylalanine.
