What Are 4Life Essential Oils?

4Life Essential Oils have been carefully collected from the finest plants around the world to provide beneficial properties for your body, soul, and life. Each oil's authenticity and aroma wisdom are guaranteed through the 4Life-PIQ™, a proprietary quality process that carefully screens essential oils for purity, authenticity, aroma power, and plant wisdom. 4Life Essential Oils are liberated through steam distillation, safe and high-quality solvent extraction, and cold pressing

Aromatic Experience

Fresh, clean, bright, uplifting, pure, citrus, and fruity

Origins

100% pure lemon—cold-pressing *Citrus limon* fruits grown in Argentina for the ideal scent and composition

Did You Know?

Pure essential oils provide pleasant scents and other beneficial properties that come from 100% natural components. Common air fresheners and body sprays often contain synthetic fragrance components that can elicit certain side effects in some people.

Recommended Uses

- Diffuse Lemon into your environment when you need an extra boost of motivation.
- Add Lemon to cleaning products and bring a vibrant scent to countertops and other surfaces.
- Add diluted Lemon to your wrists, ear lobes, the sides of your neck, or even the soles of your feet. Test a small area of your skin first to make sure you don't have skin sensitivity.
- Treat yourself or someone you love to a massage with diluted essential oils.
