

4LIFE® LIVRITE

Support Healthy Liver Function

INTRODUCTION

4Life LivRite is formulated to support the liver's cleansing, detoxification, and digestive functions. As one of the body's most essential organs, the liver helps remove toxins from blood, plus a myriad of other vital functions, including: the production of enzymes and bile that aid in the digestion of food, storage of energy to fuel muscles, maintenance of normal blood sugar and cholesterol levels, and the regulation of several hormones. A healthy diet and nutritional supplementation can help protect the liver from oxidative stress and potentially harmful substances, and keep it functioning optimally.

KEY FEATURES

- Contains liver-supporting nutrients such as milk thistle, red clover, dandelion, and artichoke to provide nutritional support and promote overall healthy liver function
- Includes broccoli which is rich in Indole-3-Carbinol for antioxidant support

HEALTH BENEFITS

- Supports the liver's cleansing, detoxification, and digestive functions
- Contributes to maintenance of normal liver function
- Contains ingredients that have been shown to provide antioxidant support for the liver

PRIMARY SUPPORT

- Cleansing & Detox
