

4LIFE® BIOEFA

Omega-3 and Omega-6 Essential Fatty Acids

INTRODUCTION

BioEFA is a combination source of omega-3 and omega-6 essential fatty acids (EFAs). This product is made from flaxseed oil, safflower oil, borage seed oil, and fish oil. This blend of essential fatty acids (EFAs) contains 1,000 mg of fish oil per serving. According to the American Heart Association, "Omega-3 fatty acids particularly EPA and DHA, have been shown to benefit the hearts of healthy people."

KEY FEATURES

- Includes EFAs to support the cardiovascular and nervous systems, healthy skin, respiratory function, and proper immune system response
- Contains DHA and EPA from fish oil for general health maintenance
- Includes CLA (Conjugated Linoleic Acid), GLA (Gamma Linolenic Acid), and ALA (Alpha Linolenic Acid) to support cardiovascular and circulatory health
- Contains ultra-pure omega-3 fish oils, which meet the current standards for heavy metals including mercury and PCBs

HEALTH BENEFITS

- Supports healthy cardiovascular and nervous systems function
- Promotes healthy skin, respiratory function, and proper immune system response
- Maintains eye, brain, and joint health
