THE IMMUNE SYSTEM *Company*[®]

Supporting Eye Health

This month, we are focusing on vision health and spotlighting one of our spectacular Targeted Transfer Factor® products: 4Life Transfer Factor® Vista®.*

This product is full of incredible ingredients to support your eye health and your immune system, which are closely connected!*

Lutein and Zeaxanthin

4Life Transfer Factor Vista contains two important ingredients called lutein and zeaxanthin, which are natural pigments in colorful fruits, leafy vegetables, and egg yolks. These pigments support the macula of your eye, which is like your eye’s command center.*

Lutein and zeaxanthin are powerful antioxidants, which help fight harmful free radicals in your body.*

Lutein and zeaxanthin also function like a shield for your eyes that helps protect them from the oxidative effects of the sun and excessive blue light. Many of us get a lot of screentime every day, and lutein and zeaxanthin can help protect your eyes from the harmful effects of too much blue light.*

Vitamins A, C, and E

Your eyes need special vitamins to function properly, including vitamins A, C, and E, which are all found in 4Life Transfer Factor Vista!*

A

Vitamin A supports proper retina function, which is the part of your eyes that captures light and then sends signals to your brain.*

C

Vitamin C is a powerful antioxidant that protects your eyes against free radicals. Vitamin C supports collagen synthesis and proper blood vessel function, which is important because blood vessels provide your eyes with oxygen and essential nutrients.*

E

Vitamin E supports eye health by promoting healthy eye tissue and proper eye function. Vitamin E is also a potent antioxidant.*

4Life Transfer Factor[®] Classic

You may not realize your immune system and eye health are connected, but your immune system protects your entire body, and that includes your eyes.*

TAP HERE TO BUY

When you have an educated immune system, it can better protect your eyes and promote clear vision.*

4Life Transfer Factor Classic has UltraFactor[®] from cow colostrum to help your immune system recognize, respond to, and remember health threats all over your body.*
