PUMP IT UP WITH 4LIFE
TRANSFER FACTOR®
CARDIO!

JUNE PRODUCT SPECIAL

THE IMMUNE SYSTEM *Company*®

4Life Transfer Factor Cardio

If you want to improve and Do Life Differently, start with the center of it all: your heart.

Your heart works all day, every day, to keep your body going. This organ is only about the size of your fist, but it beats about 100,000 times a day, and it pumps about 2,000 gallons of blood per day!

Your heart puts in a lot of work and deserves the very best, which is why we recommend 4Life Transfer Factor® Cardio to keep this important organ happy. 4Life Transfer Factor Cardio is full of amazing ingredients to support cardiovascular health.*

Let's talk ingredients!

Ginkgo biloba might sound like a fancy Italian dessert, but it's actually an ancient Chinese herb. This herb contains flavonoids and terpenoids that support blood flow and protect against free radicals that can harm healthy cells.*

Red rice yeast extract has been shown in clinical studies to support healthy cholesterol levels already in the normal range.*

4Life Transfer Factor® is our favorite ingredient—after all, we are The Immune System Company®. 4Life Transfer Factor comes from cow colostrum and chicken egg yolks, and it educates, enhances, and balances your immune system.*

Coenzyme Q10 is a compound your body naturally produces that supports heart health and blood vessel function. This ingredient is a powerful antioxidant and assists in energy production in your cells.*

Garlic contains allicin, which is a compound that supports cardiovascular function.*

Ginger oil comes from a plant that can grow up to three feet tall and has yellow flowers. It has been used in Chinese medicine for thousands of years. Ginger supports overall health.*
