Get Antioxidant Support with RioVida*

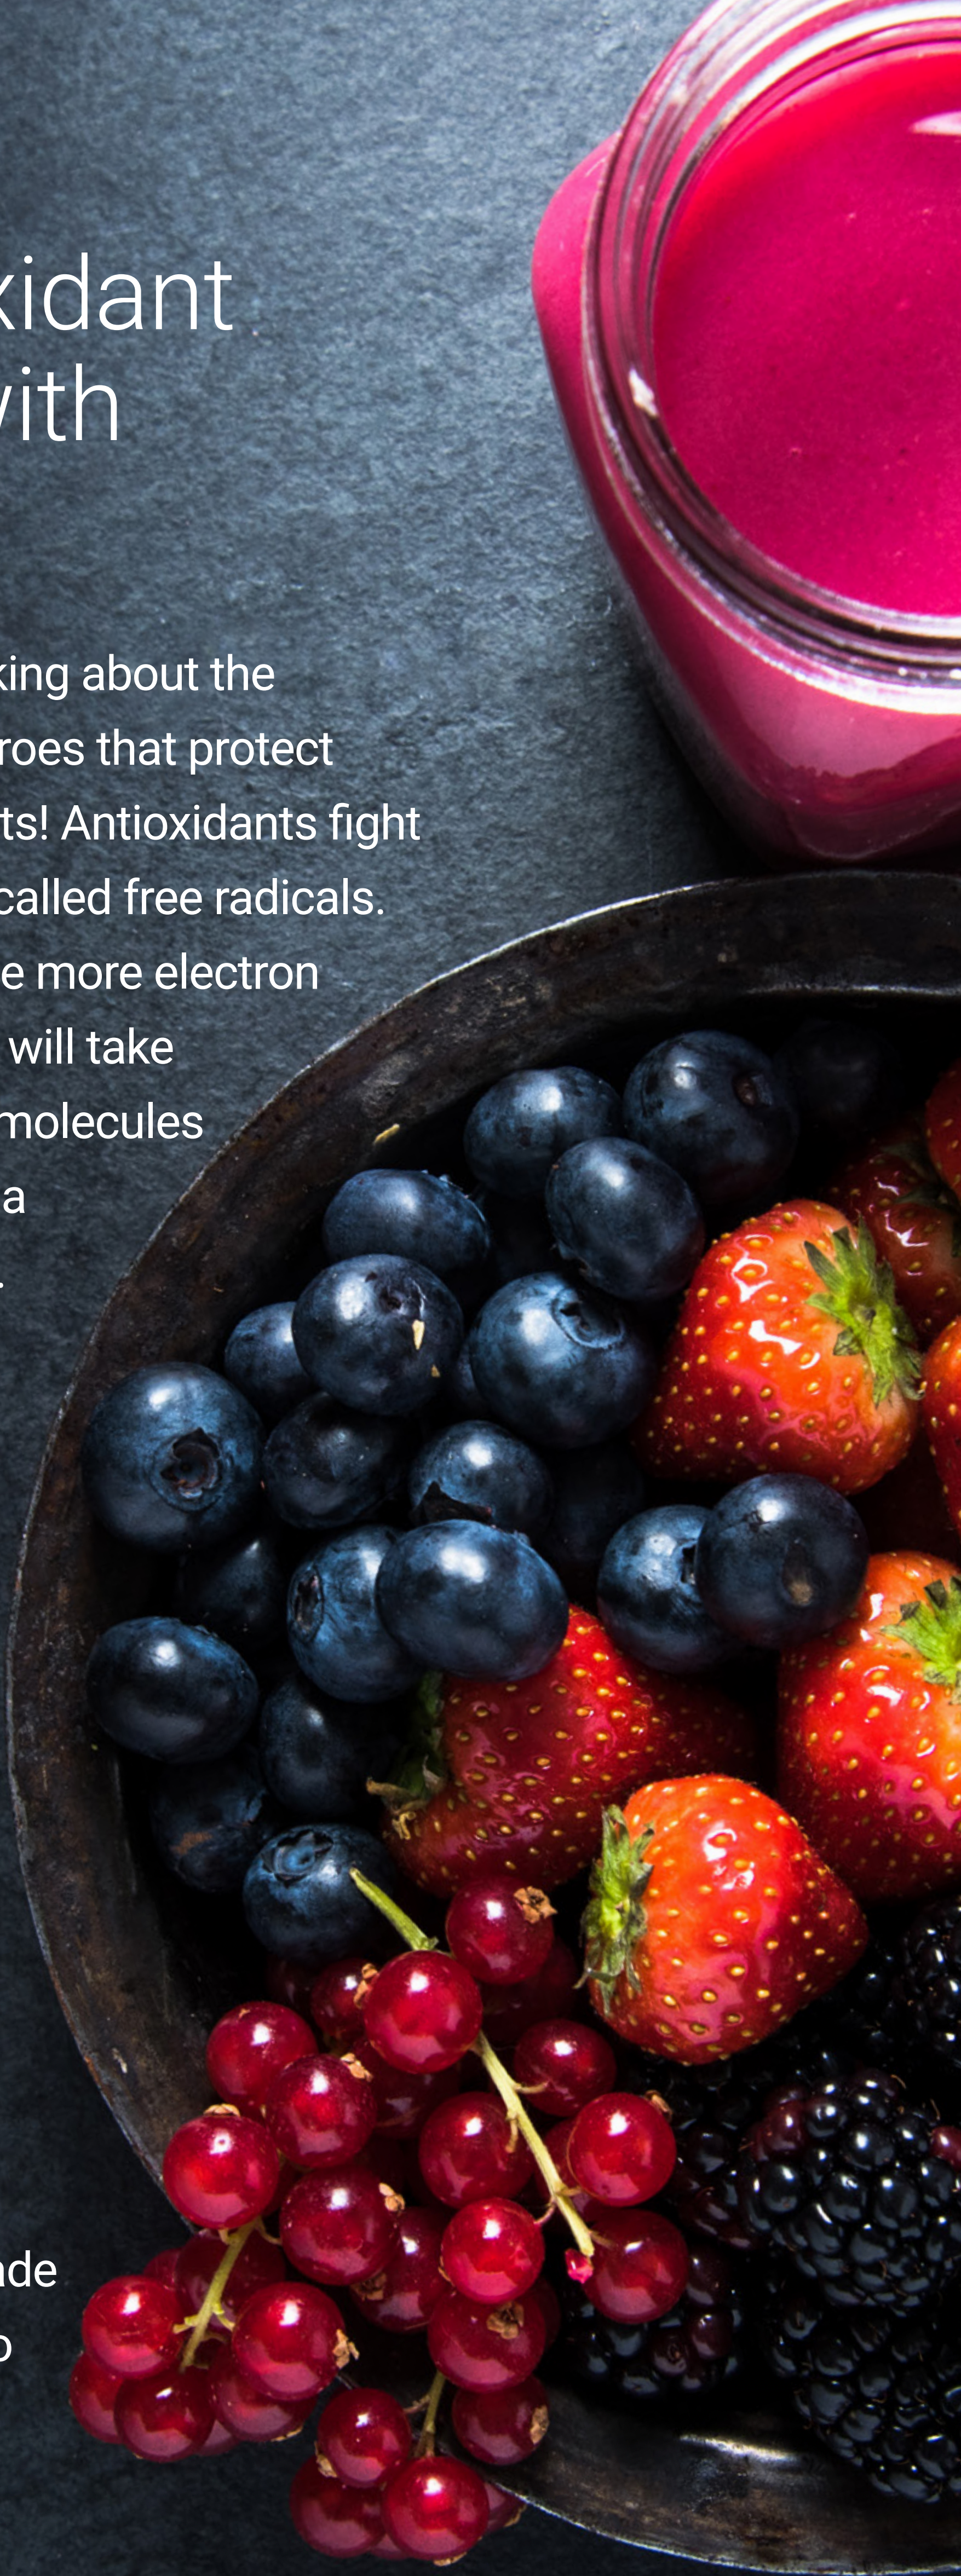

This month, we're talking about the hardworking superheroes that protect your body: antioxidants! Antioxidants fight villainous molecules called free radicals.

Free radicals need one more electron to be stable, and they will take electrons from other molecules in your body, causing a cascade of instability.

Luckily, antioxidants have an extra electron they can give to the free radicals without becoming unstable themselves, which helps stabilize your body's cellular environment.

Try RioVida, our antioxidant powerhouse, to upgrade your body's superhero squad.*

Meet the Team:

4Life Transfer Factor® Blend

This is our star ingredient and the captain of RioVida’s immune system task force. 4Life Transfer Factor has been clinically proven to activate the immune system within two hours!¹ Come to think of it, that’s less time than it takes to watch a superhero movie. . .

Fabulous Flavonoids

Flavonoids are a type of antioxidant, and they give antioxidant-rich fruits their bright colors. These three fruits in RioVida pack a flavonoid punch.

Apples and purple grapes are a great source of flavonoids, they help you stay hydrated due to their high water content, AND they promote healthy antioxidant levels.*

Blueberries also contain flavonoids, which give them their bright blue color. These little berries also support your antioxidant levels and support your body’s fight against free radicals.*

¹ Clinical study on the rapid immune modulating effects of 600 mg of 4Life Transfer Factor Blend compared to placebo. G. Jensen, NIS Labs Report 058-006.

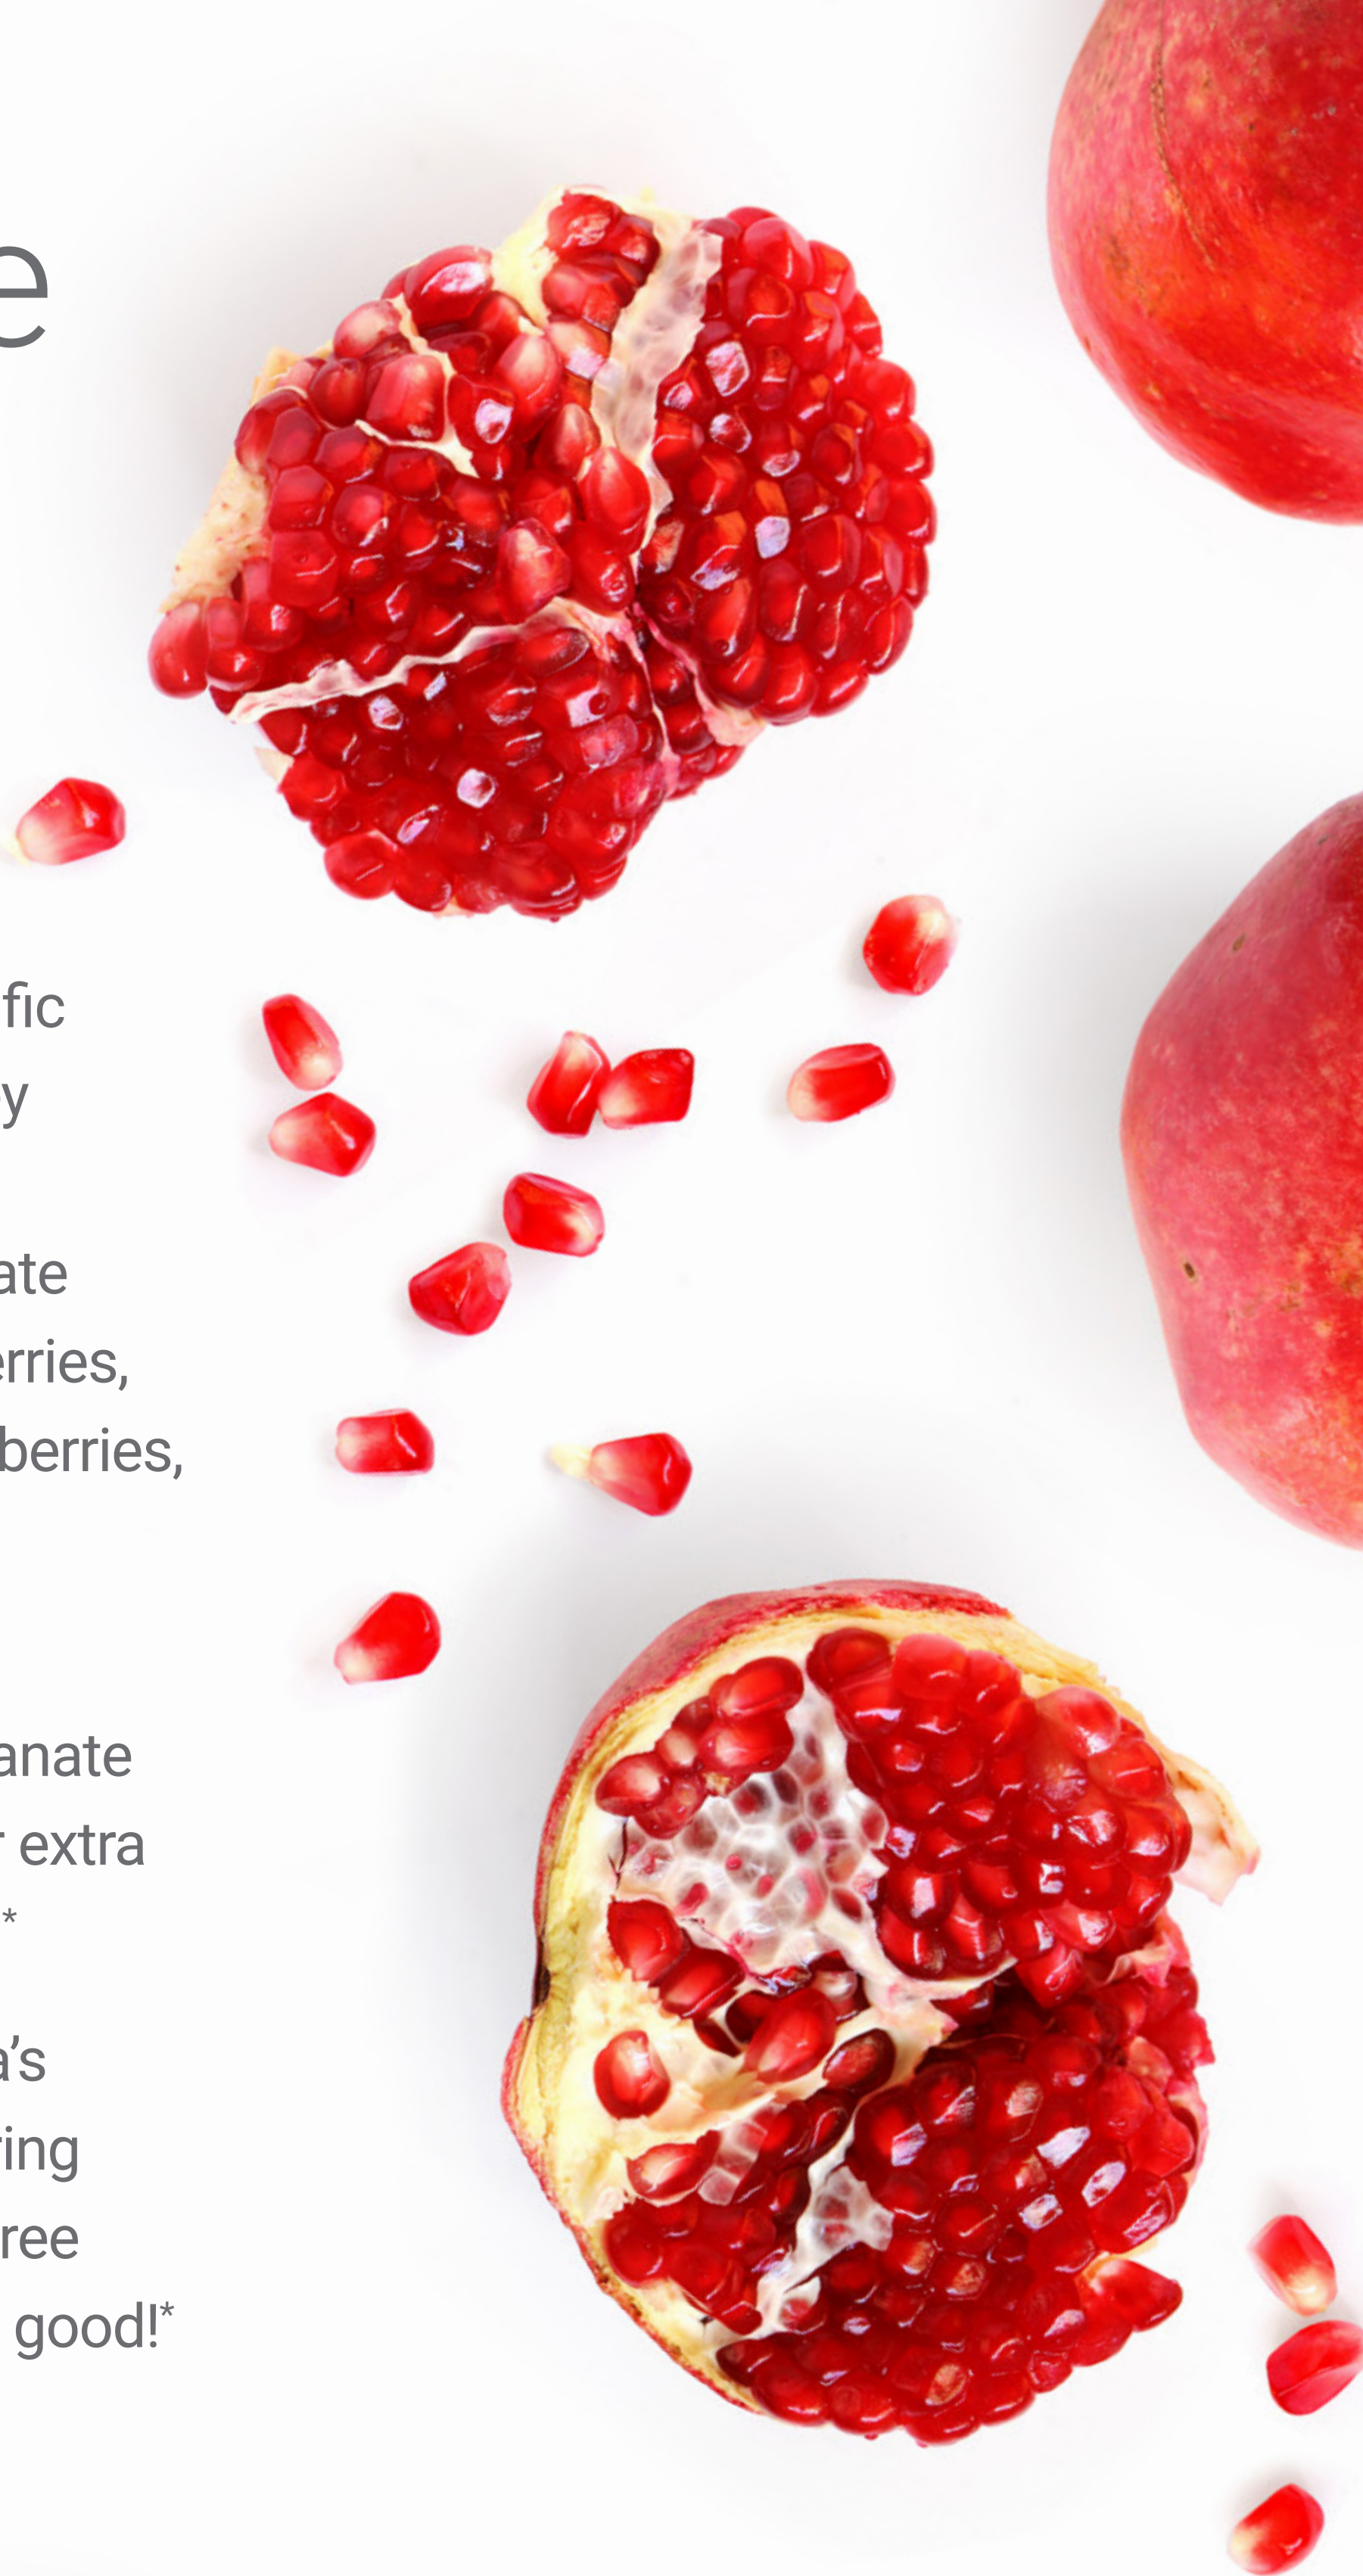

Meet the Team:

Awesome Anthocyanins

Anthocyanins are a specific kind of flavonoid, and they also support antioxidant levels. Anthocyanins create the bright color in açai berries, pomegranates, and elderberries, which give RioVida its vibrant hue.*

Açai berries and pomegranate also feature vitamin C for extra immune system support.*

And what's more, RioVida's fruit blend is mouthwatering and refreshing. Fighting free radicals never tasted this good!*

60 mg
VITAMIN C

Amazing Vitamin C

As if all these amazing fruits and 4Life Transfer Factor weren't already enough, RioVida also features 60 mg of vitamin C, which gives an even bigger power-up to your immune system and antioxidant levels!*
