

# 4Life Transfer Factor® Collagen

Total body age-defying formula\*

- Provides total body healthy aging support\*
- Helps replenish collagen levels to support healthy joints, muscles, and skin\*
- Supports immune system function with 4Life Transfer Factor®\*

## What Is 4Life Transfer Factor Collagen?

4Life Transfer Factor Collagen includes five different types of collagen sourced from fish, chicken bone broth, and egg shell membranes. It features 4Life Transfer Factor® Tri-FactorRoboto Formula to help educate the immune system. It also includes vitamins A, C, and E; biotin; and our Age-Defying Plant Complex.\*

Collagen is a vital structural protein in the human body. Often referred to as the “glue” that holds your body together, collagen is present in connective tissue throughout your body, including the skin. Collagen is made of three amino acid strands wound together that form a triple-helix. These triple-helices form collagen fibers, which are the main components of connective tissue in your body.

## Key Features

- Improves skin moisture, tone, and elasticity\*
- Includes biotin to promote healthy hair and nails\*
- Slows the appearance of fine lines and wrinkles\*
- Provides potent antioxidants that support skin, joints, muscles, and cognitive function\*
