

4Life Transfer Factor® FeelRite™

Supports a positive mood, healthy stress levels, and physical comfort*

- Supports healthy stress levels, physical comfort, and a positive mood*
- Acts on the endocannabinoid system*
- Supports immune system and nervous system function*
- Promotes brain health*

What is 4Life Transfer Factor FeelRite?

This unique product offers targeted support for physical comfort and ease and emotional well-being, especially during times of increased social and physiological stress. FeelRite also supports brain health without the use of CBD or CBD-like substances. This proprietary formula features ingredients that act on the endocannabinoid system to help you push through your day. FeelRite also empowers your immune system with 4Life Transfer Factor. Ease your body and your mind so you can feel just right!

Key Features:

- Acts on CB₂ receptors with electric daisy according to a sponsored laboratory study*
- Provides emotional support by increasing positive feelings and emotional vigor with Palmitoylethanolamide (PEA)*
- Promotes physical comfort and ease and emotional well-being*
- Supports brain health and function with Sichuan pepper extract*
- Helps the whole body feel right by offering immune system modulatory effects with a cruciferous vegetable blend*
- Educates and enhances the immune system with Tri-Factor® Formula*

Did You Know?

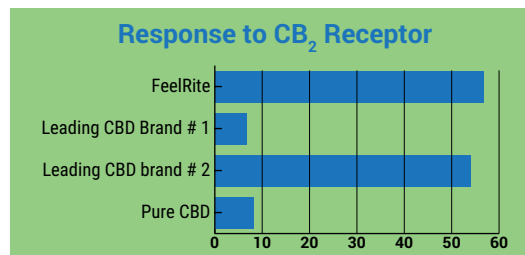

The endocannabinoid system helps maintain balance in your body and helps manage comfort, mood, sleep, your immune system, and more! This system has two primary receptors: CB₁ and CB₂. CB₂ works mainly within your immune system.*

Primary Support:

Positive Mood*
Healthy Stress Levels*
Immune System*

Secondary Support:

General Health and Wellness*
Brain Function*

In a laboratory study, FeelRite was shown to be equal to or better than competitors in activating CB₂ receptors.*

DIRECTIONS: Take two (2) softgels daily with 8 oz of water.
