

Feel Your Best with FeelRite*

4Life Transfer Factor® FeelRite™ supports physical comfort and emotional well-being and eases emotional duress. FeelRite™ also supports the endocannabinoid system, which helps maintain balance within your body and helps manage comfort, mood, sleep, your immune system, and more! This system has two primary receptors: CB1 and CB2. CB2 is mainly found in your immune system.*

You're going to love this product, both because of what's in it and what's NOT in it.

Copaiba essential oil contains B-caryophyllene, which has been shown to support the endocannabinoid system.*

Palmitoylethanolamide (PEA) is a natural fatty acid that acts on the endocannabinoid system and offers emotional support by increasing positive feelings and emotional vigor, while reducing feelings of emotional tension, lowness, worry, and anger.*

Flower power! Electric daisy is from Brazil and supports immune system modulation in relation to physiological stress markers.*

4Life Transfer Factor® supports your immune system's ability to recognize, respond to, and remember potential health threats.*

Cruciferous vegetables like kale, broccoli, and cabbage can support your immune system.*

FeelRite does NOT contain CBD—an ingredient that could have potential negative side effects.
