Gold Factor™

Gold Factor is a delicate suspension of pure, ultra-fine, intricately shaped gold particles in ultra-pure water. You have more than 37 trillion cells in your body, and Gold Factor can help energize every one of them!*

Precious

Delicately suspended gold particles refract light, turning the solution an elegant shade of rose. Gold Factor's delicate state doesn't like extreme cold. DO NOT FREEZE.

Pure

The gold particles in Gold Factor are purer than 24 karat gold.

Powerful

Every drop contains billions of gold particles that activate your trillions of cells—a true powerhouse of cellular support.*

Proven

In an independent laboratory study, Gold Factor increased telomerase when compared to no treatment, performing better than other leading colloidal gold products.*
