Foundation 4Life®

Breaking the Cycle of Poverty

As a young girl, 4Life Founder Bianca Lisonbee dreamed of touching the lives of people all over the world. Foundation 4Life is Bianca's childhood dream come true. It provides the 4Life family with ways to help break the cycle of poverty through donations and meaningful acts of service.

Foundation 4Life believes that children are the beginning and end of the cycle of poverty. Its focus is addressing the significant needs of children all over the world, so that they can focus on simply being kids and dreaming big, just as Bianca did.

Positive change happens one smile, one meal, and one small act at a time. Together, our small acts can help to break the cycle of poverty for children across the globe.
