

# 4Life Transfer Factor® Lung

Supports your lungs, overall respiratory function, and immune system\*

- Promotes proper respiratory function\*
- Supports healthy lung tissue\*
- Helps the body detox from air pollution damage\*
- Supports your airway's natural defenses against pollution-based damage\*
- Educates, enhances, and balances the immune system with our exclusive 4Life Transfer Factor® Tri-Factor® Formula\*

## What is 4Life Transfer Factor Lung?

4Life Transfer Factor Lung is part of the Targeted Transfer Factor® line and offers high quality ingredients to support your lungs and overall respiratory function. Your airway has natural defenses against pollution-based damage, and this product can support those natural defenses. Pollutants in the air you breathe can cause oxidative stress in your respiratory system and even mental stress. 4Life Transfer Factor Lung reduces oxidative stress in your respiratory system and helps you breathe better in air pollution conditions.

Your lungs have immune system cells that fight against foreign invaders. 4Life Transfer Factor Lung is the first and only lung support product with 4Life Transfer Factor Tri-Factor Formula to educate, enhance, and balance your immune system cells. Breathe easy with 4Life Transfer Factor Lung!\*

## Key Features

- Reduces oxidative stress with bilberry, citrus fruit extracts, vitamin C, and vitamin E\*
- Contains *Panax ginseng* – an adaptogen that helps with mental and physical stress and boosts antioxidant function in smokers and nonsmokers\*
- Supports clear breathing with thyme\*
- Provides benefits for your lungs in air pollution conditions with black cumin\*
- Contains broccoli extract, which has a powerful antioxidant that supports detoxification in your body\*
- Supports your immune system with 4Life Transfer Factor Tri-Factor Formula and vitamin C\*

## Did You Know?

The American Lung Association states that up to 60% of Americans live in areas where the air quality can be dangerous to their health. 4Life Transfer Factor Lung can support your body's respiratory system.\*<sup>1</sup>
