

BALANCE YOUR BODY

4LIFE TRANSFER FACTOR METABOLITE™

4Life Transfer Factor Metabolite supports your thyroid. Your thyroid helps regulate your metabolism and produces hormones that affect your heartbeat, breathing, and weight. These hormones also help control your body temperature and cholesterol levels. It's important to keep your thyroid healthy and balanced, so it can help balance the rest of your body.*

WHY should I take 4Life Transfer Factor Metabolite?

This product moderates thyroid hormone production and supports a healthy, balanced thyroid, the endocrine system, post-meal metabolism, and antioxidant support!*

WHEN do I take it?

Take three (3) capsules per day, one with each meal. Each bottle contains 90 capsules.

WHAT is in 4Life Transfer Factor Metabolite?

This product has iodine and selenium for healthy thyroid function, a post-meal metabolic blend, and 4Life Transfer Factor® to support your immune system.*

HOW much does it cost?

Wholesale: \$35
Retail: \$44
LP: 27

WHO can use this product?

In general, women need more thyroid support than men, but everyone over 18 can benefit from Metabolite!
