Founder's Message

Fall is a great reminder to, like the trees, let useless things go."

Living in the Utah valley, I'm surrounded by cascading mountain tops. Autumn is one of my favorite times of year. As I look out my window, the mountainside is ablaze with the colors of crimson and amber—a truly magnificent sight that fills me with gratitude.

As the leaves change and begin to tumble down, it's also a good time for us to "fall" into new habits.

What are you struggling to let go of? What is feeling heavy? What changes in your life could you and your family benefit from? As a quote I read once said, "Fall is a great reminder to, like the trees, let useless things go."

I challenge you to sit down and make two lists: one of things that lift you up and one of things that are weighing you down. When complete, recognize the ways these things fit into your life, and then take it a step further by more fully integrating the things that make you happy and cutting out the things that do not serve you.

Every season can be one of change—one that modifies our course for the better. Let's all look at the road ahead with eyes of wonder, eyes of self-promise, and eyes of personal gratitude.

Sincerely,

David Lisonbee

General Manager's Message

All of us aspire to be successful in various aspects of our lives, whether in health, personal growth or personal relationships. At 4Life, all of our Affiliates are given the same opportunities to reach success. For those seeking to continue to live healthy and fruitful lives, we have science-backed products for your health and wellness. For those aspiring to do life differently, we have a generous compensation plan and an excellent system that allows you the freedom to determine how much you want to make and when and where you want to conduct your business.

While the 4Life opportunity is the same for all, the road to success is unique for everyone. Two things paramount on your journey to success: motivation and discipline.

Motivation is the internal drive that pushes us toward our goals. Without motivation, it is challenging to even consider taking the first step toward a goal. However, motivation can be short-lived: while it is powerful in igniting the journey, our mood, emotion, setbacks, and other external circumstances can lead to fluctuations in motivation.

Hence, motivation is not enough. To create lasting success, we need to develop the discipline to create habits that will help us move consistently towards our vision. Discipline is the commitment to consistently work toward a goal regardless of how motivated one feels. It is the ability to stay focused and stick to a routine, even when challenges arise or motivation dips. Discipline transforms our inspiration into sustainable, goal-oriented actions that become part of our lifestyle, helping us create better habits. Discipline does not always come naturally: it is a learned skill that strengthens over time.

When people have both motivation and discipline, they have a clear sense of purpose as well as a system that enables them to persist toward long-term goals. Allow motivation to help you set ambitious goals, and let discipline keep you

on track to achieve them. When we combine motivation and discipline, we can use them as powerful tools toward our lasting success.

Warm Wishes,

Eileen Tan-Dario

I humbly see myself as an instrument of God with a specific mission to help and serve others. I believe God gave me both a business mind along with a heart that seek to help others. While engaging in business, it is my ultimate goal to earn not just for myself and my family, but to serve and help a lot of people, especially those working with me. I engaged in multiple business endeavors, which included joining various food supplement companies, but I never experienced the joy and fulfillment 4Life gave me.

4Life is a great business opportunity that bestows substantial financial returns. 4Life also provides amazing incentives like travel abroad, massive giveaways, and free products. Furthermore, the benefits 4Life products offer are truly a gift from God. I personally benefitted from 4Life products, and I look and feel younger. In fact, with the help of 4Life products, I feel better than ever before.*

I will never stop endorsing 4Life, and I hope that by doing so, I will be able to serve and help others toward a better life.

Carlos & Mapette Urgino Pasig City

We are fondly called Tito Cary and Tita Mapette not only by our team, but by other 4Life Philippine leaders. Both Mapette and I are seasoned business owners and networkers. When we found 4Life in 2013, Mapette tried and benefited from the products. She started sharing 4Life products with our family and friends.

Learning the 4Life compensation plan was a challenge for us in the beginning, and despite several work offers abroad, we decided to Do Life Differently. We chose to pursue 4Life so we could also help others enjoy healthy and rewarding lives through the amazing 4Life opportunity.

Through perseverance, dedication, and personal sacrifice, we built a team with one International Diamond, seven Presidential Diamonds, and 14 Qualified Diamonds within six months, which we consider to be our greatest 4Life achievement.

We are also one of the consistent top 4Life Philippines Affiliates, and have qualified for several trip incentives. We have also traveled to the U.S. to attend 4Life International Conventions in Atlanta, Salt Lake, and Orlando; as well as qualified for Great Escape cruise trips in Singapore, Vietnam, Bangkok and Bali.

It was my husband's cousin who shared 4Life with me in March 2018. Immediately, I was amazed by the products, the strong testimonials from 4Life distributors, and the generous compensation plan.

Although I have a regular job that gives financial peace of mind to my family, it comes with stress and other health challenges. And that was what drew me to 4Life products. Once I experienced amazing results from taking the products, I started sharing the business opportunity with others, and in the process, improved my skills in motivating and managing an organization.

Through 4Life, I helped my co-workers support their health, and my husband and I have traveled outside the Philippines for the International Convention in Salt Lake, Utah. We have also qualified to Great Escape trips to Chiang Mai, Da Nang, and to China, Japan, Singapore and Bali cruises. Most recently, I qualified to the Great Escape Fast Start Challenge that earned me the opportunity to go to Turkey.

Ma. May Theresa Caldo Bacolod

I am a registered pharmacist with a passion for helping patients improve their health and well-being. I was introduced to 4Life by a friend and initially started using the products for patients in the chemotherapy unit. The positive feedback from patients encouraged me to keep buying and selling the products, which helped me earn a small profit on the side.

Eventually, I took the leap to join 4Life full-time when I truly understood the business system. At that time, I was facing several challenges like debts and health struggles. Joining 4Life became a lifeline: giving me hope and an opportunity to turn things around.

Professionally, 4Life has allowed me to continue my mission of promoting health and wellness. I've found fulfillment in helping people who had almost given up hope for their health.

Personally, 4Life has made me more conscious of my own health and aging. I've gained a deeper sense of purpose—I help others achieve financial freedom while growing as an entrepreneur.

The best part of 4Life is the endless learning opportunities and the chance to build a community of like-minded individuals. I love the freedom to manage my time, the financial rewards, and the ability to make a meaningful impact on people's lives by sharing the opportunities. I even get to travel around the world.*

I invite you to join 4Life and experience the life-changing opportunities it offers. Whether you're seeking better health, financial freedom, or personal growth, 4Life has something valuable for you. Take the step today and discover how it can transform your life, too!

Baby Ling Crispo

I'm Baby Ling Crispo, a "momprenuer" who used to spend time away from my family for work.

There have been times when life threw challenges and tests my way, but I didn't give up. Some say, "In all trials and challenges, there are triumphs in the end." I believe this to be true. Through 4Life, I have triumphed.

A friend introduced me to 4Life and I was encouraged. I knew that there was something waiting for me . . . a big opportunity, so I went for it. At first, I faced some difficulties, but I kept going, and you can see the results!

I've been with 4Life for two years now, and have travelled to the US, not to work, but to relax.

I am so happy that 4Life is now part of my story.

Natalia & Pio Galasanay
Laguindingan

Prior to joining 4Life, I was employed in a multinational company for 14 years. After my retirement, I focused on my wedding and party gowns business. During this time, my husband Pio faced health challenges that prompted us to seek supplements that could address his concerns.

In June 2022, I read a Facebook post from an acquaintance about "working with an American company." Intrigued, I sought more information from her, who later on became my upline. I also researched studies about Transfer Factor and tried the products.

Convinced by the efficacy of 4Life products, I looked further into the business opportunity and started building my organization. I qualified for a local incentive trip to Boracay which further motivated me. In less than 2 years, I rose to the rank of Bronze Affiliate and have qualified for the US convention contest and Great Escape cruise to Singapore and Bali.

In addition, my son Aries Jay Galasanay is a Bronze Affiliate, while my sister, Welfreda Herbolingo, is a Bronze Elite in the US.

I have no health issues. I am fit and strong at 76. It was a blessing that I decided to become part of the 4Life Family over eight years ago and have been taking a good number of the products daily ever since. I love Transfer Factor so much that without any doubt, I will take it continuously, for life.

I love 4Life and how its innovation and programs support people like me who are not tech-savvy. We thrive, despite the constant changing technology.

Our platform helps us if we want to grow. The more people we help, the higher we go in 4Life. And leadership is not optional in our business. You have to be a good leader by first becoming a good follower.

I am so grateful to my team and to all the other people around me, including our corporate team, from whom I draw my strength, hope and inspiration. I would gladly take the opportunity to reciprocate.

The road to growth in our business, as in any other ventures, is not smooth. It is rough—littered with potholes and barriers meant to stop or slow us down. Some drop out along the way, some stay and move forward. The latter definitely will arrive at their perceived destinations.

Getting Your Daily Dose of Transfer Factor

Did You Know . . .

A 600 mg daily dose of 4Life Transfer Factor is clinically proven to activate the immune system within two hours?^{1*}

After about 24 hours, it's time to replenish your 4Life Transfer Factor levels to keep your immune system happy and healthy!*

Educate and strengthen your immune system every day with your 600 mg daily dose of 4Life Transfer Factor.*

How can I get my 600 mg daily dose of 4Life Transfer Factor?

Many 4Life products can help you achieve your daily dose. For example, 4Life Transfer Factor® Tri-Factor® Formula, 4Life Transfer Factor® Chewable Tri-Factor® Formula, RioVida®, RioVida Stix®, RioVida Burst®, 4Life Transfer Factor® Immune Boost, RiteStart® Kids & Teens, Pro-TF® Vanilla Cream, Pro-TF® Chocolate, or a combination of the above products are all great daily options to restore your immune support.*

When is the best time to take Transfer Factor?

We recommend taking your daily dose of Transfer Factor when you begin your day! As mentioned, 4Life Transfer Factor is clinically proven to activate the immune system in two hours, so the sooner you take it, the sooner your body will benefit. You can also take a second dose of Transfer Factor in the evening, or whenever you feel you need it, to maintain and optimize your immune system health as you sleep, which is a critical time for your body to repair itself.*¹

What if I forget to take my Transfer Factor daily dose in the morning?

Don't worry, you can still take your daily dose in the afternoon or evening to maintain and optimize your immune system function.*

Can I take too much 4Life Transfer Factor?

While 600 mg is the recommended daily dose of 4Life Transfer Factor, exceeding this amount is a-ok! Since 4Life Transfer Factor is considered a "food," it's nearly impossible to take too much.*
