PRE/O BIOTICS™

Boost Your Digestive Health

The only prebiotic/probiotic product in the world that's powered by 4Life Transfer Factor®*

- Promotes the growth of beneficial/friendly intestinal flora*
- Optimizes healthy gut bacteria with its exclusive microbeadlet delivery*
- Increases the amount and longevity of beneficial gut flora by up to 1000 times over standard delivery*
- Stimulates growth of the probiotics found in Pre/o Biotics™ by up to 868% with the inclusion of 4Life Tri-Factor® Formula*†

What Is Pre/o Biotics?

As the premier digestive health product in the Digest4Life™ line, Pre/o Biotics is the only prebiotic/probiotic product in the world that's powered by 4Life Transfer Factor®. This university-tested, proprietary blend features five strains of highly-researched probiotics that increase beneficial

"friendly" microflora in your gut and three types of prebiotics to optimize the growth of healthy probiotics. Plus, with our exclusive microbeadlet delivery system, the probiotics are delivered directly to the colon.*

Did you know?

Many of your immune cells reside in your gut, or gastrointestinal tract. Gut health impacts many different areas of overall wellness, including immune system health, weight, cognition, mood, and more. 4Life® is the Immune System Company™, so it makes perfect sense that we would create exceptional digestive health products.*

PRIMARY SUPPORT

- Digestive Health*

SECONDARY SUPPORT

- Immune System*

CONTAINS ADDED FLAVORS (NATURAL FLAVORS).

CONTAINS INGREDIENTS FROM MILK, EGG, SOY, COCONUT AND FISH.

Net Quantity: 15 stick packs

TECHNICAL POINT

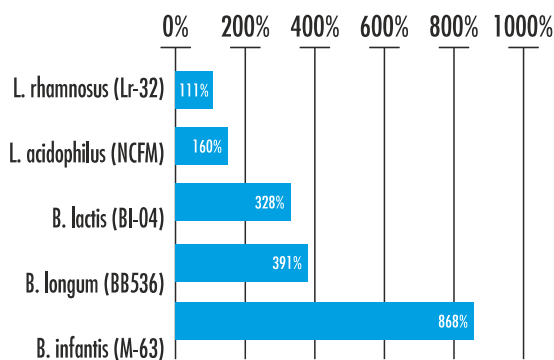

What Is Your Microbiome?

The human body is filled with countless bacteria. Some of these are harmful and can be the cause of disease, but many are friendly and actually live in harmony with your own cells. In fact, there are about as many bacteria that live within your gut as there are cells that make up your whole body-maybe even more. This collection of friendly bacteria is referred to as your "gut microbiome." You also have similar collections, or microbiomes, of helpful bacteria in your mouth and on your skin.

Your gut microbiome isn't just a bunch of free-loading cells. These bacteria play key roles in almost every aspect of health-aiding with digestion, supporting a healthy immune system, promoting cognition, supporting a healthy heart, and helping you maintain a healthy weight. Thus, a healthy gut microbiome is central to maintaining overall health and well-being.

4Life Transfer Factor® Boosts Growth of the Probiotics Found in Pre/o Biotics™

4Life® Tri-Factor® Formula

*An independent, university study assessed the potential benefit of Tri-Factor® Formula in Pre/o Biotics™. This in-vitro study measured probiotic growth in the presence or absence of Tri-Factor Formula in comparison to common prebiotics. Results revealed that Tri-Factor Formula enhances Pre/o Biotics by stimulating probiotic growth. These data suggest that Tri-Factor Formula has prebiotic effects and enhances the benefits of the other ingredients in Pre/o Biotics. [Weber State University, 2018, unpublished data].

What Is Your Microbiome?

The human body is filled with countless bacteria. Some of these are harmful and can be the cause of disease, but many are friendly and actually live in harmony with your own cells. In fact, there are about as many bacteria that live within your gut as there are cells that make up your whole body-maybe even more. This collection of friendly bacteria is referred to as your "gut microbiome." You also have similar collections, or microbiomes, of helpful bacteria in your mouth and on your skin.

Your gut microbiome isn't just a bunch of free-loading cells. These bacteria play key roles in almost every aspect of health-aiding with digestion, supporting a healthy immune system, promoting cognition, supporting a healthy heart, and helping you maintain a healthy weight. Thus, a healthy gut microbiome is central to maintaining overall health and well-being.

Your digestive system and immune system are intricately connected. Both are essential to your overall health. That's why 4Life developed Pre/O Biotics. These products are safe and effective, and they're the only prebiotic/probiotic products on the market to feature 4Life Transfer Factor!*
