

# Cheat Day? That's OK!

ShapeRite is a weight management supplement to support your body transformation journey.\*

This product helps balance sugars in your body. When sugars are balanced, calorie intake is better controlled and you can better meet your weight management goals.\*

Take ShapeRite before your cheat meals to help limit fat absorption and reduce weight gain caused by excess sugar intake.\*

FAT AND CARB BLOCKER

ShapeRite contains peptide-rich yeast hydrolysate, which has been shown in clinical trials to aid in fat loss, appetite control, and weight management.\*

This product may decrease appetite by balancing satiety hormones.\*

This product supports cardiovascular health and healthy antioxidant and glucose levels.\*

Add ShapeRite to your diet today to limit fat absorption and help with your cheat days!\*
