- Supports healthy glucose levels*

What is ShapeRite?

ShapeRite is a weight management supplement designed to support you along your body transformation journey and help you with your cheat days. Even the most dedicated can fall off their diet plan from time to time. This scientifically researched formula helps to offset the negative effects of high-fat, high-carbohydrate, and starch-heavy meals by binding fats and blocking excess carbohydrates and sugars, while offering appetite control and supporting healthy glucose levels. ShapeRite helps balance sugars in your body. When sugars are balanced, calorie intake is better controlled and you can better meet your weight management goals and create a leaner, sleeker body with a shape that's just right for you!*
