

4LIFE TRANSFER FACTOR® COLLAGEN

For Skin, Hair & Nails Health

INTRODUCTION

4Life Transfer Factor Collagen contains 5000 mg fish-derived Type 1 hydrolyzed collagen to support healthy aging by restoring healthy collagen levels within the body. It features 4Life Tri-Factor Formula to help support body wellness. Collagen is a vital structural protein in the human body. Often referred to as the "glue" that holds your body together, collagen is present in connective tissue throughout your body, including the skin. Collagen is made of three amino acid strands wound together that form a triple-helix. These triple-helices form collagen fibers, which are the main components of connective tissue in your body.

KEY FEATURES

- Contains 4Life Tri-Factor Formula to support healthy immune system
- Improves skin moisture, tone, and elasticity
- Slows the appearance of fine lines and wrinkles
- Stimulates collagen synthesis in the body
