

4Life Transfer Factor® SleepRite® HERE TO HELP YOU DREAM ON...

About one-third of U.S. adults don't regularly get the recommended amount of sleep.¹ 4Life Transfer Factor SleepRite features a clinically researched formula to support better sleep, relaxation, and nerve and muscle function by targeting the immune system and other critical pathways for sleep health.*

So, what's in SleepRite? We're so glad you asked...

4Life Transfer Factor® Blend supports and educates the immune system, even while you're asleep! Your sleep health and immune system are closely connected.*

Sustained-release melatonin helps you fall asleep more quickly and supports the immune system.*

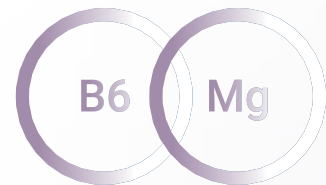

Ashwagandha has been used for centuries to provide calm and balance in the face of environmental stressors.*

GABA is a neurotransmitter in the brain linked to relaxation in the body and mind.*

Lavender essential oil promotes calm and relaxation.*

Vitamin B6 and magnesium support muscle and nerve function.*

SleepRite calms the mind and body and carries you into satisfying sleep. After one night with this product, you won't DREAM of supporting your sleep with anything else!*
