A Message from our Founder:

David Lisonbee

What drives us to continue engaging, innovating, and passionately sharing 4Life
Transfer Factor®? The answer is simple: people. People are the reason we started this
business, and they're the reason we invest in 4Life and its products.

Initially, we began using 4Life Transfer Factor in our own home to supplement our young family's health and wellness. The power of 4Life Transfer Factor was evident, and we knew it could change others' lives, too. We had to take it to the world!*

4Life Transfer Factor and 4Life are gateways to personal fulfillment. Where 4Life Transfer Factor allows people to live a healthier life, 4Life and its opportunity allow people to choose their own path. In other words, we are here to support you on your journey—whatever your end goal may be!*

At 4Life, we talk about "Together, Building People." It's all about empowering ourselves and each other to live healthier lives . . . to spend more time with our families . . . to choose a new path and boldly walk toward our dreams.

So, what direction will you take? It's all up to you, and we want to help you get there.

David Lisonbee

Share This Summit: Why this edition is the perfect one to pass along!

We're in the business of sharing. We share our passion, collective vision, science-backed products, and an incredible opportunity.

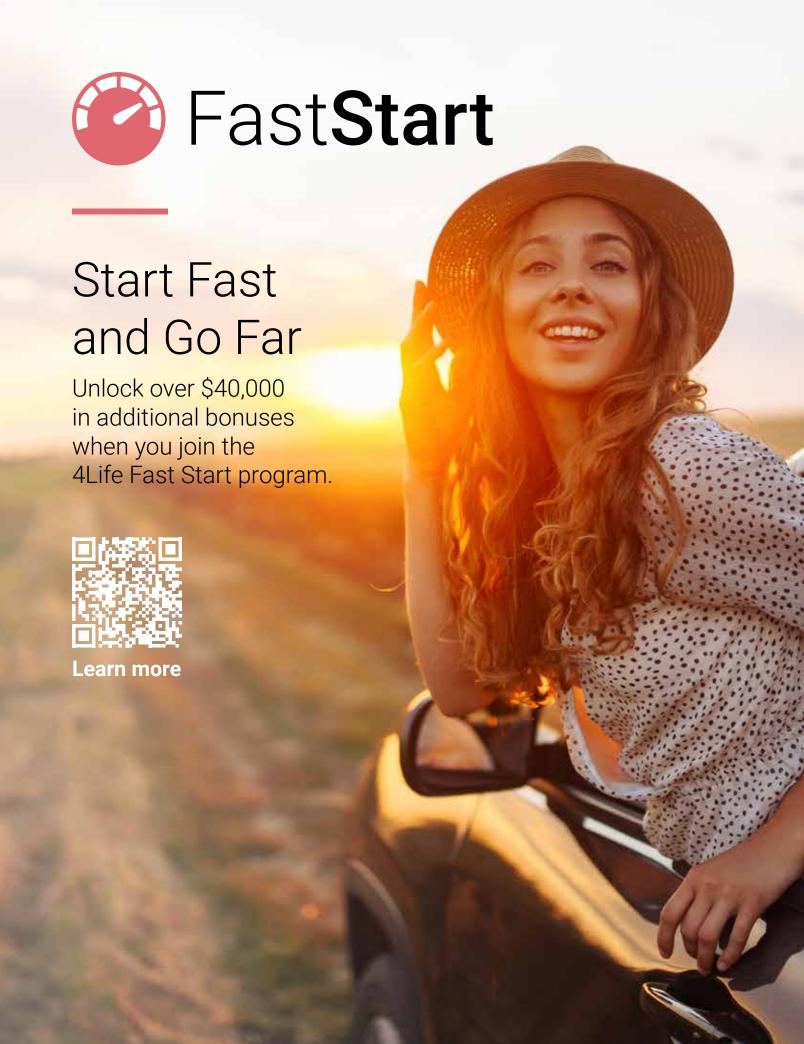

This Special Shareable Edition of the 4Life Summit is here to make sharing what you love that much easier. It's jam-packed with all things 4Life—from our history on page 28, to product information on page 31, to what drives us to do what we do on page 39.

Give this issue to someone who is ready to learn more about 4Life and experience what it's like to Do Life Differently®.

Vice President of Editorial

Jessica Sorbonne

Danny Lee:

President and CEO since 2017 Began at 4Life in 2008

Affiliations:

Chairman of the U.S. Direct Selling Association, World Federation Direct Selling Association CEO Council and Ethics Committee

Favorite product:

4Life Transfer Factor® Immune Boost

I believe there has never been a better time to be part of 4Life. Now, more than ever, the immune system is at the forefront of people's minds. As The Immune System Company®, we're ready to stake our claim as the manufacturers of the best industry-leading immune ingredient in the world: 4Life Transfer Factor.*

Not only do we offer exclusive products, but we provide an incredible organization that supports, uplifts, and cheers each other on. I hope our Affiliates and customers find their lives enriched by 4Life Transfer Factor and the built-in family that comes with being part of 4Life.

Enthusiastically yours,

De ils hu

4Life President and CEO Danny Lee

If you're reading this, chances are you want to transform your immune system, your overall wellness, or your life.

Good news: transformation is kind of our thing!

Not only do we have products to support your immune system and lifestyle, sharing our products can lead to supplemental income and the ability to live the life you always imagined.*

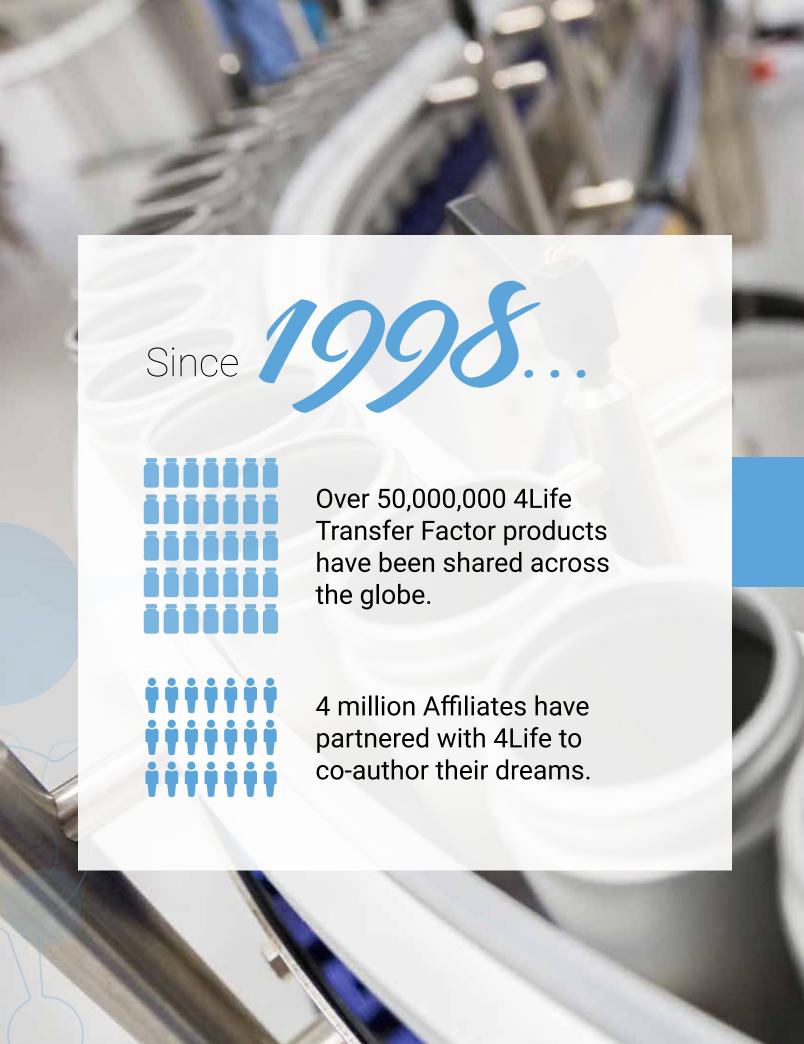

It all began with 4Life Transfer Factor—a tiny but mighty molecule with big potential to support a better quality of life.

4Life Founders David and Bianca Lisonbee knew this product would speak for itself, and for this reason, they chose direct sales as the vehicle to share 4Life. Soon, others began experiencing the 4Life Transfer Factor difference, and it was the magnitude of these shared experiences that led many to ask themselves: what can 4Life do for me?

To date, more than 50,000,000 bottles of 4Life Transfer Factor have made their way into homes across the globe, and more than 4 million people have chosen to let 4Life co-author their dreams as 4Life Affiliates.

The Immune System

While the body is a complex network of systems that all work together to keep you operating smoothly, there is perhaps one body system that stands out in importance from the rest: the immune system.

The immune system is comprised of immune cells, organs, and proteins—all with unique roles and functions. When these things work together correctly and harmoniously, your immune system functions at its peak ability. This means you feel your best and can be your best.

Other body systems often rely on the immune system to be their best, too. In other words, a healthy immune system is important for overall health.

4Life, The Immune System Company, is dedicated to learning everything there is to know about the immune system and what makes it tick. This research helps us provide you with the best products possible, including 4Life Transfer Factor—created to boost and balance the immune system.*

*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

Unique Immune System Support Brought to You by

THEIMMUNE SXSTEM Company®

Transfer factor is not a vitamin, mineral, or herb; it's a molecule made by the body, for the body!

Transfer factors offer advanced education for your immune system. They contain immune system information that helps the immune system recognize, respond to, and remember potential health threats. When this knowledge is "transferred," the immune system can work smarter and faster.*

Transfer factors come from cow colostrum, or the first milk given to a calf during its initial days of life—a critical period for the immune system. Transfer factors teach the calf's immune system how to fight off health threats via immune information passed from mother to baby.

In addition to 4Life Transfer Factor from cow colostrum, 4Life Research has other patented transfer factor sources, such as OvoFactor®—a concentrate of 4Life Transfer Factor proteins and other peptides from chicken egg yolks.*

31 4LIFE.COM

Harnessing the Power of Nature's Original

Superfood

Through a patented manufacturing process, 4Life filters and extracts the largest quantity of transfer factors possible to bring you potent immune system support products like: 4Life Transfer Factor® Classic, 4Life Transfer Factor® Tri-Factor® Formula, and 4Life® Transfer Factor Plus® Tri-Factor® Formula.*

4Life manufactures approximately 80% of its own products in its facilities in Sandy, Utah and Vineyard, Utah. All of our processes are held to the standards of U.S. Code Title 21 Part 111, which prescribes current Good Manufacturing Practices (cGMP).

To ensure that 4Life meets cGMPs, 4Life contracts with NSF International: an independent, third-party certifying body. NSF International audits procedures, programs, facilities, equipment, documentation practices, grounds, sanitation, and laboratory operations.

Furthermore, every 4Life product undergoes rigorous testing for quality, purity, and strength. In fact, one bottle of 4Life Transfer Factor Plus Tri-Factor Formula undergoes hundreds of tests before it is marked for release.

4Life is part of the United Egg Producers (UEP) and the National Dairy Farmers Assuring Responsible Management (FARM) program. These affiliations demonstrate 4Life Research's dedication to implementing and practicing animal welfare principles on 4Life farms.

*This statement has not been evaluated by the Food and Drug Administration.

These products are not intended to diagnose, treat, cure, or prevent any disease,

It's in the MMMMM

Our products are science-backed.

There have been over 4,000 independent studies on 4Life Transfer Factor, including clinical trials published in peer-reviewed medical journals.

In our state-of-the-art laboratory, our Research and Development team is committed to furthering transfer factor science. New and innovative transfer factor research is always ongoing and is used to bring you quality products that are effective and safe.

²4Life

Elevate your future with 4Life

When you partner with 4Life, you not only become an Affiliate, but also a member of the 4Life family.

Our Affiliates have 24/7 access to training and support, including personalized coaching, sales aids, and ongoing education, plus, a product that is unlike anything else on the market. (We're talking about 4Life Transfer Factor, of course.)

100% debt free

4Life stands out in today's business landscape as a debt-free enterprise. With no financial liabilities, 4Life is free to invest in research and development and provide superior service to its Affiliates and consumers. In short, we are a brand you can trust!

Our Four Core Values

At 4Life, our mission is to take transfer factor to the world, but our core values define our every move as we strive to make our vision a reality.

Science

Research is in our name, and for good reason. Science is our north star. Our commitment to scientific advancement and research allows us to bring you the most innovative and effective products possible.

Service

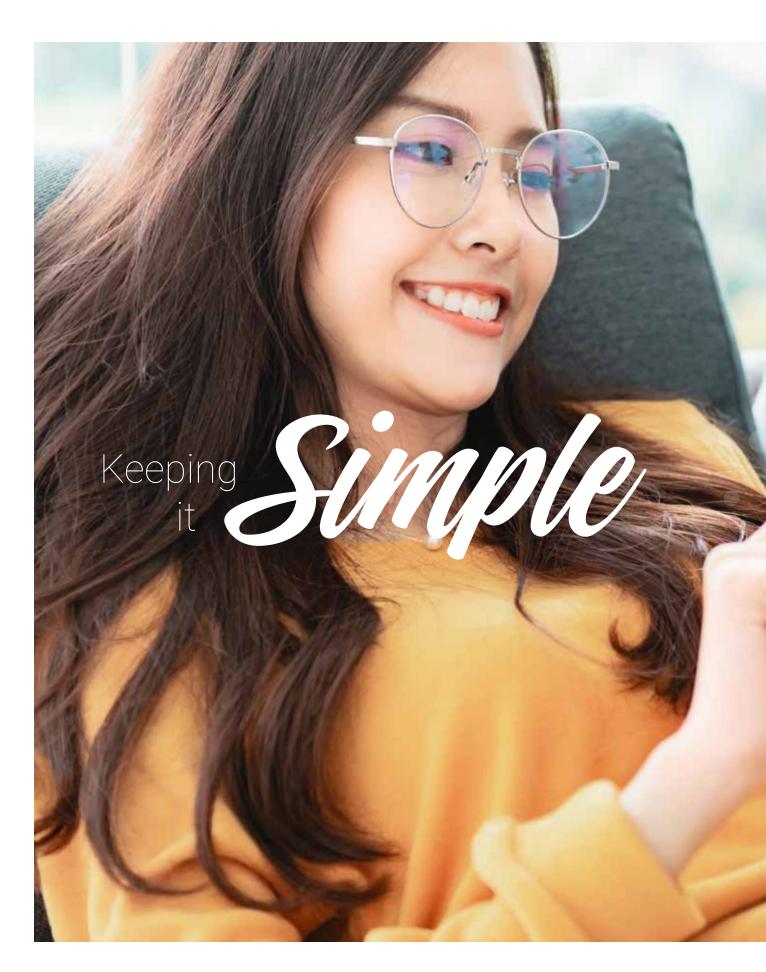

Service is at our heart. Through Foundation 4Life, 4Life works with Affiliates across the globe to break the cycle of poverty and make a difference in the lives of vulnerable children.

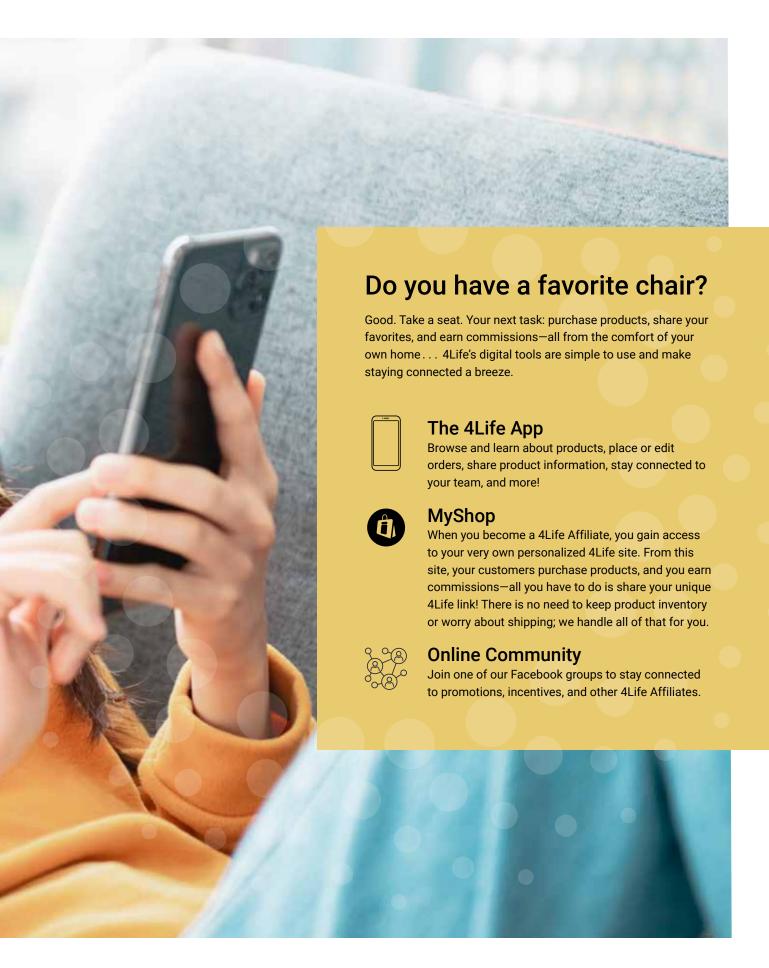

Success

When you partner with 4Life, you're partnering with a company that is dedicated to uplifting and empowering people to be the very best versions of themselves.

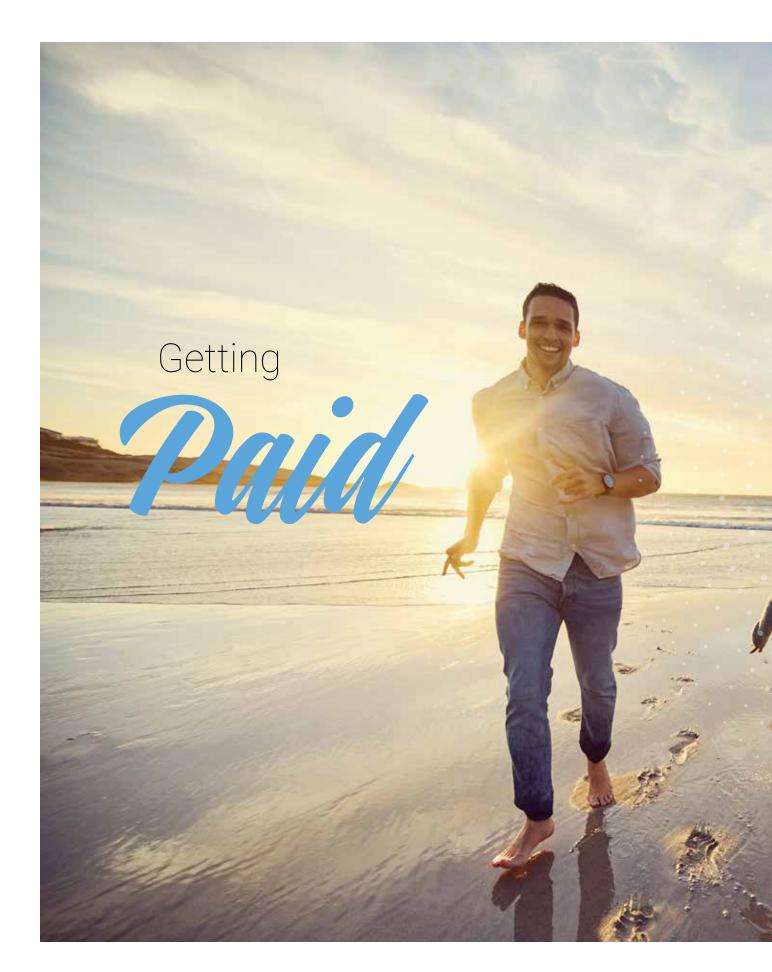

Satisfaction

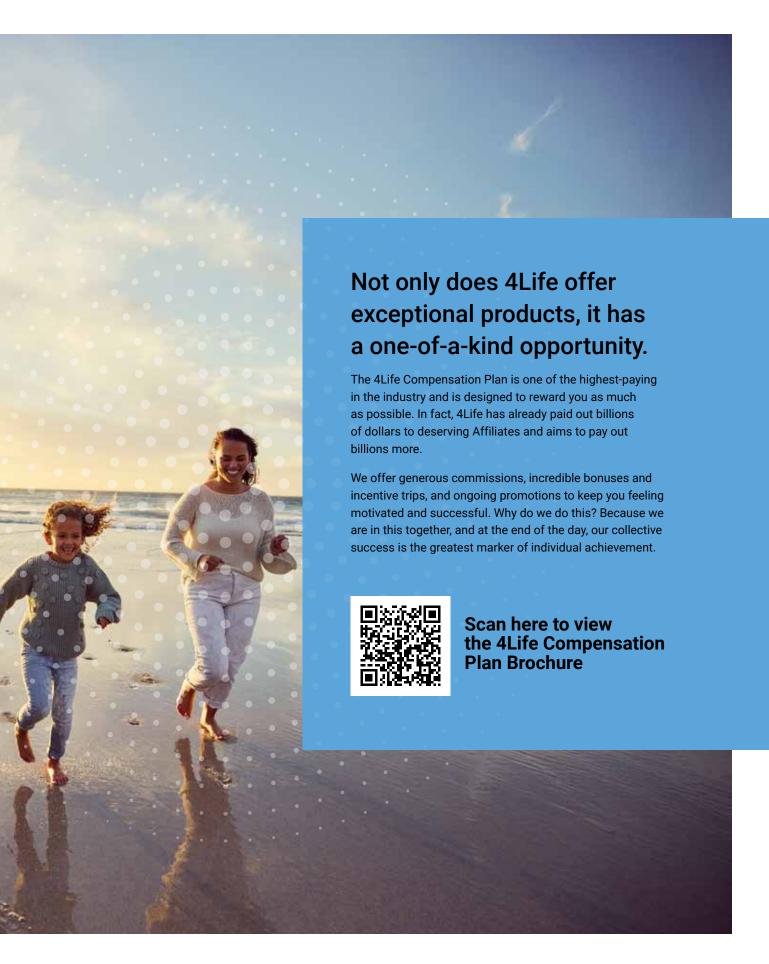

4Life offers a 30-day, 100% money-back guarantee on the purchase price of all its products and strives to meet people where they are through innovative apps, product education, and user-friendly online platforms.

In Loving Memory

Bíanca Lisonbee

November 10, 1953-October 3, 2023

Bianca Lisonbee founded 4Life with her husband,
David Lisonbee, in 1998. From the very beginning, she was the
heart of the company—beloved by both Affiliates and employees
for her passionate dedication to 4Life and its products.

She also founded Foundation 4Life, 4Life's non-profit, which strives to make a difference in the lives of children wherever 4Life operates—a legacy that continues under the direction of her daughter, Jenna Lisonbee.

Though she is no longer with us, her spirit lives on in all we do, and we honor her by continuing to uplift and empower people everywhere through 4Life.

"Alone, each of us can only influence the world in small ways. Together, we are extraordinary!"
