

ZINC FACTOR™

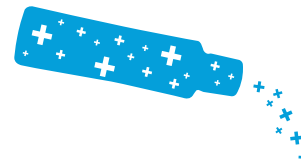

Zinc Factor contains both zinc and ionic silver. It's zinc with a zip!

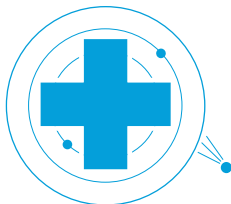

Use this formula in times of need when your immune system needs an extra boost!*

Think you know zinc? Zinc again! Zinc supports a healthy immune system by aiding in the normal production and function of key immune cells.*

Zinc Factor is one of the only ionic solutions available that features the power of both silver AND zinc ions!*

Find the silver lining! When a silver atom loses one electron, it becomes positively charged, or ionic. Ionic silver atoms can help boost your immune system.*

This product is so powerful that you only need to take it for a maximum of 28 days to reap the benefits!*

Try Zinc Factor and “think zinc” today!
