

# ZINC FACTOR™

Zinc Factor contains both zinc and ionic silver. It's zinc with a zip!

Use this formula in times of need when your immune system needs an extra boost!\*

Think you know zinc? Zinc again! Zinc supports a healthy immune system by aiding in the normal production and function of key immune cells.\*

Zinc Factor is one of the only ionic solutions available that features the power of both silver AND zinc ions!\*

Find the silver lining! When a silver atom loses one electron, it becomes positively charged, or ionic. Ionic silver atoms can help boost your immune system.\*

This product is so powerful that you only need to take it for a maximum of 28 days to reap the benefits!\*

**Try Zinc Factor and “think zinc” today!**
