

Zinc Factor®

Revolutionary mineral formula that combines the immune system support of ionic silver with zinc*

- Supports the immune system using the ionic power of zinc*
- Contains zinc—a required element in healthy immune system cell function*
- Boosts immune system function using the ionic power of silver*

What is Zinc Factor?

4LifeElements® presents Zinc Factor: a revolutionary mineral formula that combines the electromagnetic energy of ionic silver with zinc for an immune system boost. The benefits of silver work on an atomic level. When a silver atom loses one electron, it becomes positively charged, or ionic. In this ionic form, silver can boost your immune system.*

Think you know zinc? Zinc again! Zinc, alone, aids in empowering the function of key immune system cells like T cells. Intermix that with electrically-charged ionic silver, and you have bio-active zinc with a zip! Zinc Factor: from our earth; for your life.*

Key Features

- Contains zinc and silver—two minerals that can boost your immune system in times of stress or when you need extra immune system support*
- Is one of the only ionic solutions available that features the power of zinc AND ionic silver ions for optimal benefits*
- Formulated through a proprietary electrochemical process and is one of the only ionic solutions available*

Primary Support:

Immune System*

DIRECTIONS: Consume one (1) oz daily for up to 28 days. Take on an empty stomach, separately from all other supplements and medications.
