

PRECIOUS POOL™ Vitamin Essence

PRODUCT DESCRIPTION

With the luxury of the earth's offerings in a silky serum, Precious Pool infuses your skin with essential vitamins, ferments, and super-antioxidants for a nourished, more youthful complexion. Jam-packed with potent, natural ingredients to enrich and enliven the skin's appearance, Precious Pool is the heart and soul of the äKwä line.

WATER SOURCES

- **Fermented green tea water**
(*Camellia sinensis* leaf water/
Saccharomyces ferment) cleanses, moisturizes, brightens, firms, and sustains skin in the face of various daily stressors.
- **Sugar maple (*Acer saccharum*) extract** helps smooth the appearance of the skin.

Cultivated in the Boseong region of Korea, our green tea is grown in an area renowned for possessing Korea's largest tea fields due to its perfect soil and climatic conditions. Tea fermentation has a long and rich history in this region. Creating fermented tea water is a two-phase process that uses traditional natural and lactic acid fermentation techniques to yield the finest result for more potent ingredient levels.

PRECIOUS POOL Vitamin Essence

KEY INGREDIENTS

- **Seaweed complex** hydrates the skin with marine plant ingredients, including *Laminaria japonica* extract, *Undaria pinnatifida* extract, and *Hizikia fusiform* extract. This complex nourishes the skin, supports surface smoothness, firmness, elasticity, and optimal moisture levels, and sustains the skin against daily stressors.
- **Korean Calming Complex** calms, settles, smooths, and moisturizes with an all-natural ingredient cocktail of rosemary (*Rosmarinus officinalis*) leaf extract, *Anthemis nobilis* flower oil, *Camellia sinensis* leaf extract, *Centella asiatica* extract, *Polygonum cuspidatum* root extract, *Scutellaria baicalensis* root extract, and licorice (*Glycyrrhiza glabra*) root extract.
- **Niacinamide** refines and brightens the complexion to even out blotchy-looking skin and create a glass-like look and texture.
- **Adenosine** works with niacinamide to brighten uneven complexion and improve the appearance of wrinkles.

DIRECTIONS:

After cleansing and toning, dispense a small amount onto fingertips and gently sweep over face, neck, and around delicate eye area. Lightly pat into skin until completely absorbed. Follow with Ripple Refine™ Eye Cream.

- **Ascorbyl glucoside** converts to pure vitamin C upon contact with the skin's surface and works well with other ingredients to support the skin's ability to look smoother, brighter, and younger. When combined with niacinamide, this ingredient creates a powerhouse punch against uneven skin tone and color.

- **Saccharomyces lysate** provides support for a healthy skin microbiome and skin conditioning.
