

4LIFE® BIOEFA™

Omega-3 and Omega-6 Essential Fatty Acids

INTRODUCTION

BioEFA is a combination source of omega-3 and omega-6 essential fatty acids (EFAs). This product is made from fish oil, flaxseed oil, borage seed oil, and safflower seed oil. The fish oil blend in BioEFA contains a high concentration of DHA and EPA, which, according to American of Association, have been shown to benefit the hearts of healthy people.

KEY FEATURES

- Includes 4 types of essential fatty acids which derived from fish and plant sources
- Contains DHA and EPA from fish oil for general health maintenance
- Includes CLA (Conjugated Linoleic Acid), GLA (Gamma Linolenic Acid), and ALA (Alpha Linolenic Acid) to support cardiovascular and circulatory health
- Contains ultra-pure omega-3 fish oils, which meet the current standards for heavy metals including mercury and PCBs

HEALTH BENEFITS

- Supports overall cardiovascular and circulatory health
- Promotes healthy skin, eye, brain, joint, respiratory and nervous system function
- Maintains proper immune system response
