What is enummi Hand Wash?

enummi Hand Wash is an elegant, moisturizing liquid hand wash that conditions the skin as it cleanses and purifies its surface. This paraben-free and sulfate-free formula is dermatologist tested for mildness, and features the purifying, fresh, and all-natural aroma of 4Life Essential Oils TForce Blend. It also contains nature-derived ingredients such as aloe, honey, and *Quillaja saponaria* (a plant-based surfactant) to create an abundant foamy lather and effectively cleanse. enummi Hand Wash is powerful, yet gentle, and can be used daily as needed.

Key ingredients

- Aloe (*Aloe barbadensis*) leaf juice is naturally derived and rich in polysaccharides and sterols to help soothe and moisturize the skin.
- Honey promotes beautiful skin with amino acids, peptides, enzymes, and antioxidants. Honey is a natural humectant that softens, smooths, moisturizes, and reinforces the skin's surface.
- Soapbark (*Quillaja saponaria*) contains an abundance of saponins, which have cleansing and water-binding properties. Saponins also promote skin-soothing and antioxidant properties. These naturally occurring components produce a gentle, natural lather.
- 4Life Essential Oils TForce Blend contains sweet orange (*Citrus sinensis*) peel oil, thyme (*Thymus vulgaris*) leaf oil, clove (*Eugenia caryophyllata*) leaf oil, clary sage (*Salvia sclarea*) leaf and flower oil, patchouli (*Pogostemon cablin*) leaf oil, and cinnamon (*Cinnamomum zeylanicum*) bark oil.
- 4Life Tri-Factor™ Formula adds smoothness and elegance to the formula.
