

Digestive Enzymes

Exceptional enzyme support

- Supports healthy digestive function
- Promotes nutrient absorption
- May assist with gastrointestinal discomfort that can occur after eating

What is Digestive Enzymes?

Digestive Enzymes is a proprietary blend of 16 different enzymes that support digestive health by aiding in the breakdown of proteins, carbohydrates, and fats; and, in turn, the absorption of nutrients. Aging, illness, and stress may reduce the number of digestive enzymes produced by the body, causing incomplete digestion and unwanted side effects such as bloating, abdominal discomfort, and flatulence. Supplementing with Digestive Enzymes can make up for these temporary deficiencies and help ensure your body's ability to get the most out of the food you eat and maintain healthy function.

PRIMARY SUPPORT:

Digestion

Key Features

- Promotes the healthy breakdown of proteins, carbohydrates, and fats with a blend of multiple enzyme sources
- Supports the body's ability to more efficiently absorb nutrients
- Promotes regularity through healthy digestive support

Did You Know?

4Life also offers Probiotics to further promote healthy digestive system function.

DIRECTIONS: Take one (1) to three (3) capsules with food.

Supplement Facts

Serving Size: One (1) Capsule
Servings Per Container: 90

Amount Per Serving	%DV
Proprietary Enzyme Blend	175 mg †
Amylase	7,250 DU
Protease 4.5	18,750 HUT
Glucoamylase	5 AGU
Acid Maltase	5 MaltU
α-Galactosidase	100 GalU
Pectinase	10 endo-PGU
Cellulase	225 CU
Peptidase	1,250 HUT
Protease 3.0	10 SAPU
Bromelain	100,000 FCC PU
Lipase	600 FIP
Invertase	210 SU
Hemicellulase	260 HCU
β-Glucanase	7 BGU
Xylanase	225 XU
Papain	100,000 FCC PU

* Daily Value

† Daily Value not established

OTHER INGREDIENTS: Rice bran, vegetable capsule and water.

CONTAINS SULFITES
