

## Nadzrul Salim & Nadirah Ahmad

*Gold International Diamonds, Singapore*

*“The 4Life opportunity is a light to those in need. It is so rewarding to witness another person’s life-changing journey.”*

**G**old International Diamonds Nadzrul Salim and Nadirah Ahmad joined 4Life® in 2007 after being introduced to the business opportunity by Nadzrul’s brother, Gold International Diamond Fadzli Salim, and his sister, International Diamond Haffi Yenti Salim.

At the time, Nadzrul was having difficulty finding job opportunities after graduating and became inspired by the success his siblings had experienced through 4Life. After learning more about the business and experiencing tremendous health

support from 4Life Transfer Factor® products, he began building his business and hasn’t looked back.

“This journey has been exciting and challenging,” commented Nadzrul. “I am thankful to 4Life for giving me the opportunity to achieve many new things, such as qualifying for the President’s Club and now achieving the rank of Gold International Diamond.”

Nadzrul has celebrated the achievements on his 4Life journey with his family. “My success wouldn’t mean anything without the support from my team and family members,” he shared. Nadzrul

is grateful for their awesome leadership and constant motivation.

Nadzrul sees the 4Life opportunity as a way to give people hope and help them realize their dreams. “To be able to inspire others has always been my passion. The 4Life opportunity is a light to those in need. It is so rewarding to witness another person’s life-changing journey,” stated Nadzrul. “I am grateful that I am able to do all this while spending time with my wife and watching my son grow each day.”
