

# Products for Your Life from 4Life®

*Experience the difference*

**4Life®**

TOGETHER, BUILDING PEOPLE™

# Live Your Best Life

When you feel healthy, you can live your best possible life. In addition to a healthy diet and regular exercise, you need a smart and vigilant immune system to help you with the threats you face each day. That's why people are making the smart choice with 4Life Transfer Factor® products.\*

As a newborn, you received immune information from your mother, gathered from her own experience, through the first milk called colostrum. This information helped your naïve immune system adapt to the world around you.

As vital components of this information, transfer factors are messenger molecules composed of amino acids (a unique category of bioactive peptides) that transfer immune memory from an experienced immune system “donor” to a less experienced recipient immune system. With 4Life® products, you benefit from the immune system information of mothers in nature—cows (cow colostrum) and chickens (chicken egg yolks). This knowledge supports your body's natural ability to respond appropriately when challenged with health threats.\*

During almost 20 years of innovation in transfer factor science and product development, 4Life has introduced Targeted Transfer Factor® products to help support specific body system needs, including the brain, heart, kidneys, and more. The 4Life product offering also includes support for general health and wellness, weight management, and skin care.\*

*No matter your age or health goals, we have a product that's just right for you. Take advantage of the many ways to get your daily serving of 4Life Transfer Factor immune system support, and you'll be on your way to living a healthy life.\**

4Life's original colostrum-derived 4Life Transfer Factor product for daily immune system support\*

- Increases natural killer (NK) cell function by up to 204%†\*
- Supports immune system function with UltraFactor XF®\*

**Item #24080 (90 capsules) ..... \$38.95**

† Test results obtained from an independent, unpublished in vitro experiment conducted at the Russian Academy of Medical Sciences, in Kashirskoe Shosse, Russia. The randomized and controlled in vitro study assessed the effects of 4Life Transfer Factor® Classic, 4Life Transfer Factor® Tri-Factor® Formula, or 4Life® Transfer Factor Plus® Tri-Factor® Formula, versus a positive control (Interleukin-2, or IL-2) on NK cell activity and effectiveness in destroying damaging cells. Blood was collected from healthy volunteers and then incubated for up to 48 hours. (REFERENCE: Kiselevsky MV & Khalitulina EO. Unpublished observations)

# Quality You Can Trust

Because of our deep commitment to quality, excellence, and scientific innovation, we certify every 4Life Transfer Factor® product we sell. In our state-of-the-art lab, we conduct 20 tests per product to ensure **identity, purity, strength, and composition**. Many products undergo additional, rigorous quality-assurance tests before being released for distribution. Our products are the foundation and heart of our business. We strive to create products that meet and exceed the highest standards, so you can feel confident incorporating them into your health routine and sharing them with your friends and loved ones.

This commitment is what propels our science team to progressively raise the standard for modern-day immune system supplementation. We boast the expertise of both an in-house research and development team and a Health Sciences Advisory Board (HSAB) of medical professionals, an immunologist, nutritionists, and researchers.\*

4Life manufacturing facilities include cutting-edge packaging, encapsulation, and blending equipment and have achieved NSF® International Good Manufacturing Practices (GMP) registration. Earning GMP Registration from NSF International verifies that 4Life employs proper methods, equipment, and controls in producing the highest quality dietary supplement products.

4Life Transfer Factor® products are featured in the *Physicians' Desk Reference*® (PDR), which is distributed to thousands of health professionals throughout the United States. The listing includes in-depth information about the Tri-Factor® Formula product line and synopses on several scientific studies.
