“When you and your team members harness the power of duplication, everyone can multiply the positive impact of 4Life in their lives.”

The Power of Duplication

CORPORATE MESSAGE

As I travel to 4Life® markets around the world, I’m always impressed by leaders who create a model of effective business methods that their team members can emulate. When you mentor your team members, consistently use and share 4Life products, and help others succeed, you harness the power of duplication. You are leading the way for others to follow!

One of the best ways to duplicate yourself is to follow a proven system. In the article on pages 30–33, learn about the 9 Steps of Duplication. With a clear system in place, your team members will feel confident as they work toward their own goals. Even more importantly, you can achieve greater success as a group.

I have also witnessed the power of sharing personal stories. Whether you fell in love with 4Life because of health support from 4Life Transfer Factor® products or financial stability achieved through the business opportunity, your personal experience is unique.* Share your story with others, and teach your team members to do the same. Read the article on pages 40–43 to get great tips for duplicating the power of 4Life Transfer Factor in your business.

The overall success of 4Life increases exponentially when leaders like you repeat your success throughout your organizations. When you and your team members harness the power of duplication, everyone can multiply the positive impact of 4Life in their lives.

Sincerely,

Steve Tew
President & CEO

Michelle Altgilbers

GOLD INTERNATIONAL DIAMOND | TENNESSEE, USA

“Before 4Life, I was a single mom. Life was really tough. When I met my future husband, Platinum International Diamond Jeff Altgilbers, he mentored me and helped me achieve success. Because of 4Life, I travel around the world and help people reach their goals. I can take care of my family, and I have total freedom in my schedule. Enjoying a balance between work and family is the best part of building a 4Life business.”

“I am so happy for Michelle! She has always been a great inspiration to me. She puts everyone else first, which is the most important quality for a leader. Congratulations, Michelle!”

Welcome Home!

Founders David and Bianca Lisonbee recently returned from serving a three-year mission for their church in Salvador, Brazil. We're thrilled to have them back at 4Life® Global Headquarters! Read to learn more about their mission and plans for the future.

What was your daily life like in Brazil?

We spent a few days each week at the mission office, reviewing the status of our missionaries in each area. We also spent time training the missionaries who worked in the office on receiving new missionaries and getting others ready to go home. The office missionaries oversaw the travel, rental, and upkeep of apartments, finances, and well-being of over 160 missionaries. The skills that the office missionaries learn serve them well throughout their lives. We spent other days visiting areas throughout our mission, some as far away as 800 miles. We spent a lot of time on the road, meeting local people and missionaries, and providing assistance.

“Don’t ever give up on your dreams. Your vision is a powerful force to help you reach your goals.”

What was your favorite aspect of your experiences in Brazil?

We served with young people 18–21 years old. It was wonderful to watch them grow and change. Most of them arrived feeling timid and inexperienced. It was amazing to watch them shift focus from themselves and their girlfriends or boyfriends back home, and find joy in serving others. Their task was not easy, but they matured as they learned to do hard things. We also loved getting to know the wonderful people of Brazil. They have a very warm and loving culture.

What are you most excited to do now that you're home?

David: I'm excited to play with our grandkids, get back into day-to-day operations at 4Life®, and go golfing.
Bianca: I'm eager to spend time with our grandkids, immerse myself in 4Life, and shop at my favorite stores.

What are your thoughts about the future of 4Life®?

We have never been more excited about 4Life! We're eager to work full-time at Global Headquarters again and help the company reach a new level of success. We truly feel like 4Life is on the verge of explosive growth, and we're anxious to put into place ideas that can help us achieve it.

After living in two countries outside of the United States (Italy in 2009–2010 and now Brazil) we have an even stronger conviction that all of us, no matter where we live, want to enjoy meaningful relationships, financial security, and great health. Now more than ever, we believe that 4Life is the best way to help people achieve these things.*

What are three things you'd like to share with 4Life distributors?

1. Appreciate every moment of every day. While it's important to plan for the future and learn from the past, it's also critical to live in the present. It's only in the present that we can make things happen!
2. Don't ever give up on your dreams. While it may be necessary to adjust your course, never give up on what you want to accomplish. Your vision is a powerful force to help you reach your goals.
3. Relationships are the most important thing in this life. When you focus on loving and serving others, everything else falls into place.

The Power of Infinity

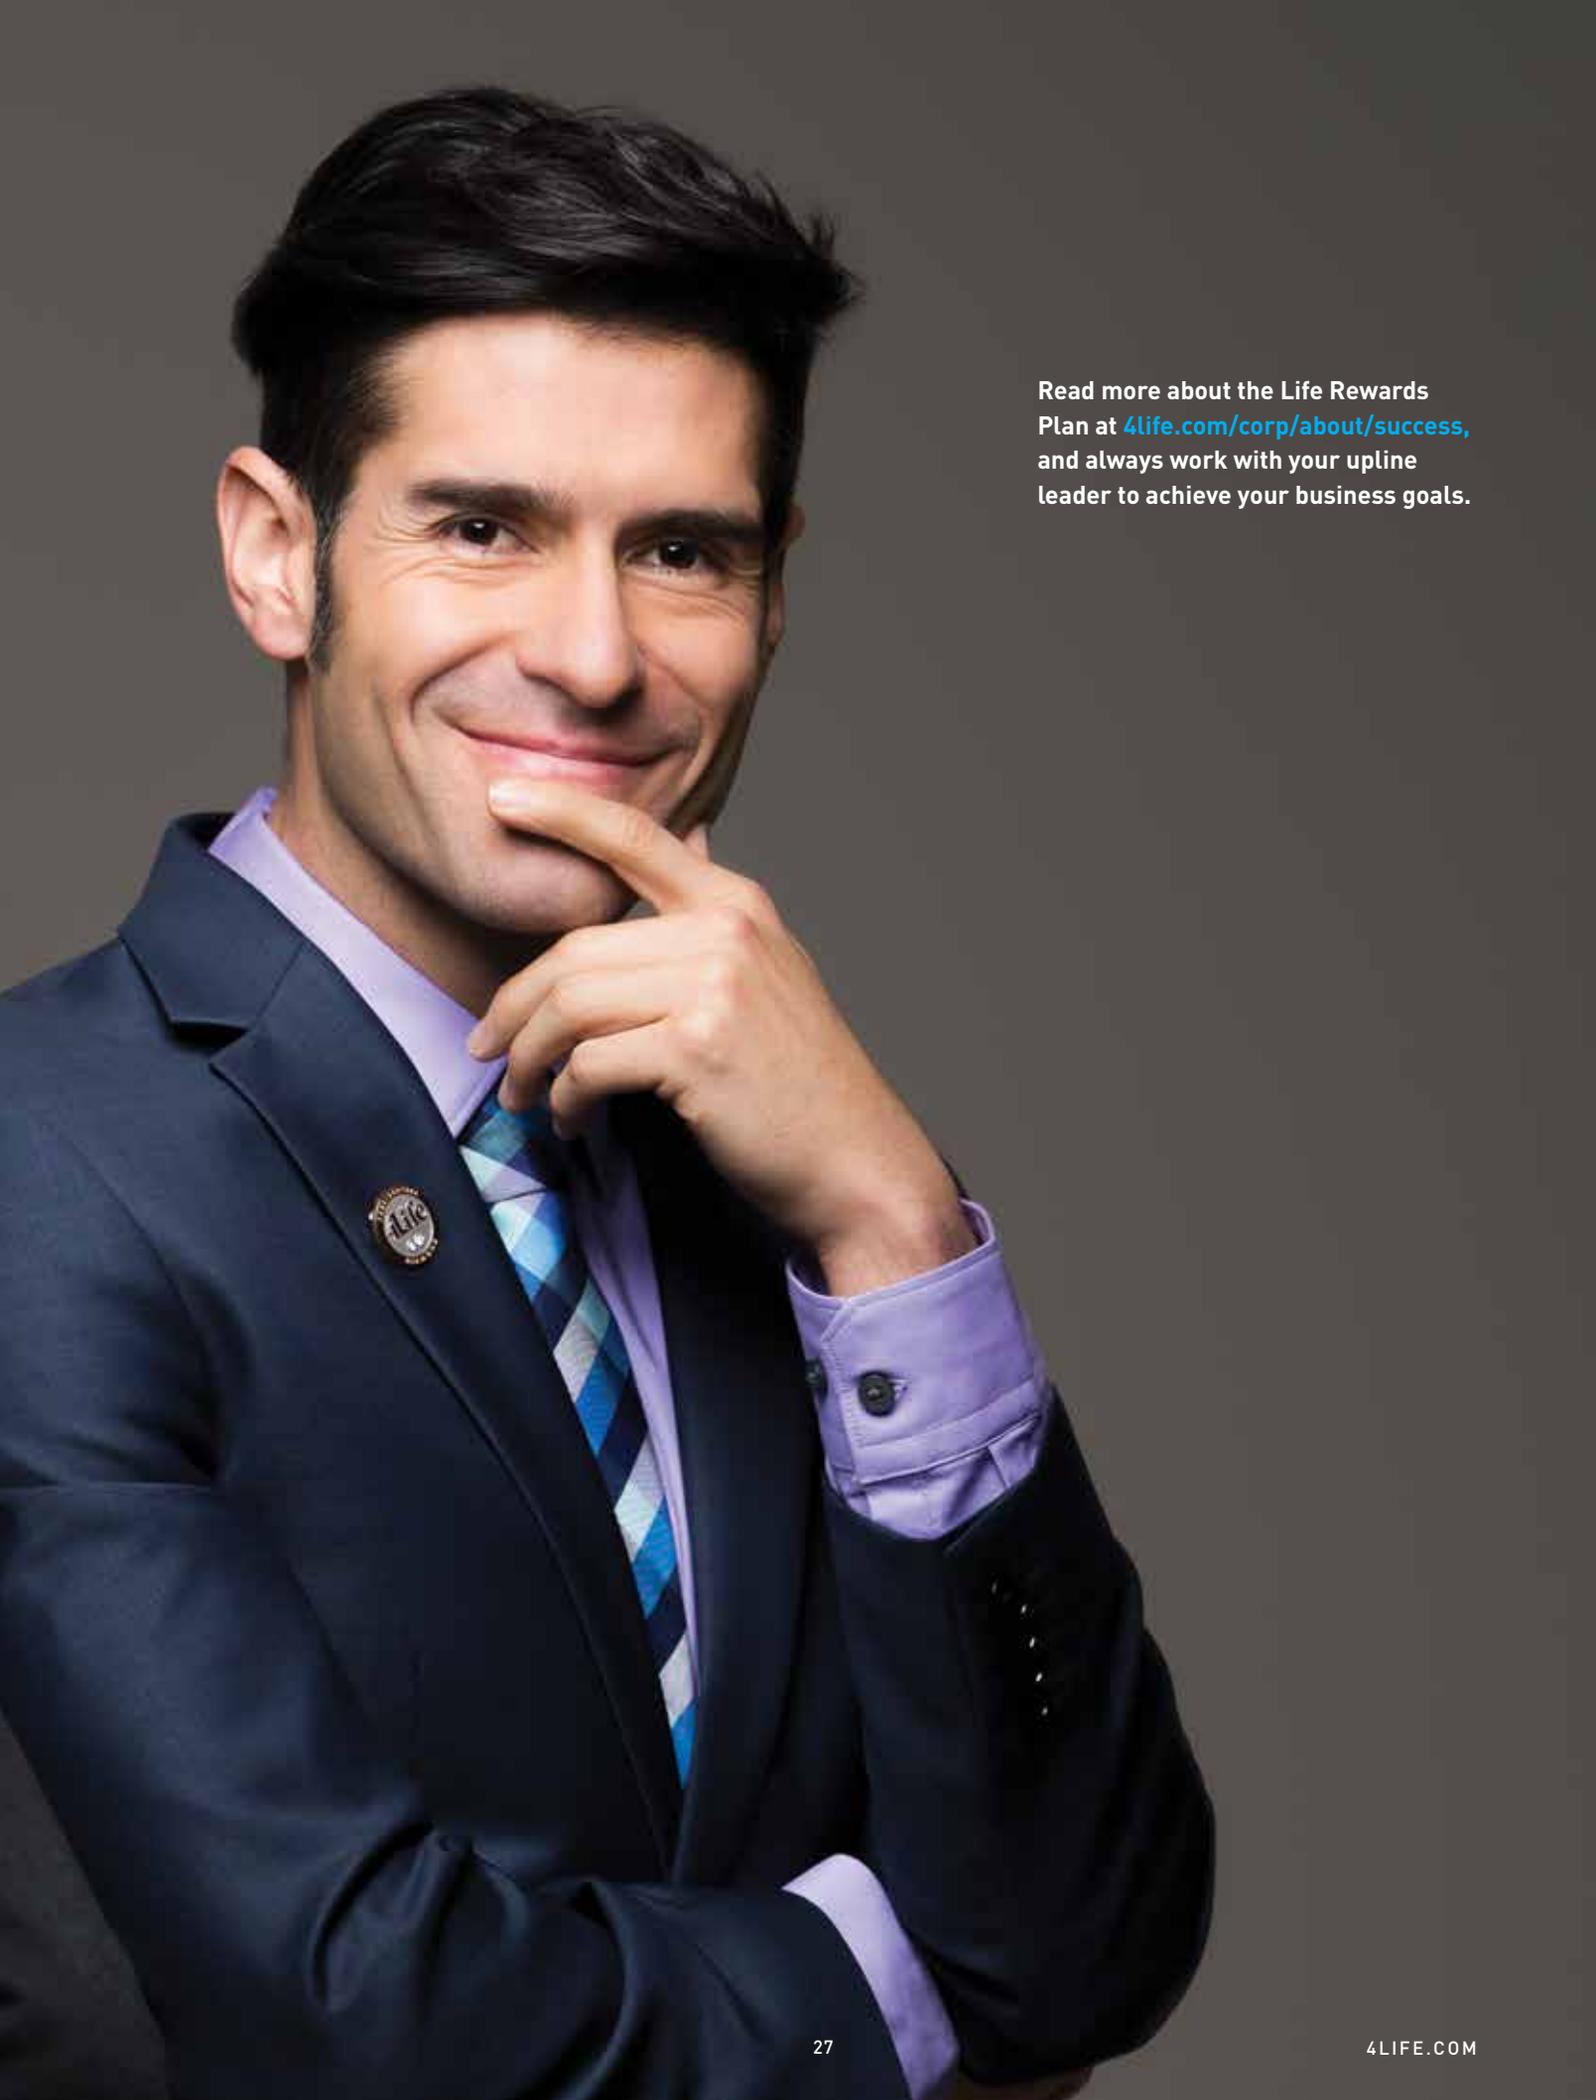

One of the unique aspects of the Life Rewards Plan™ is Infinity Payout. Starting at the Diamond rank, Infinity Payout can increase how much you make at each level in your organization... indefinitely! That's the true power of infinity.*+

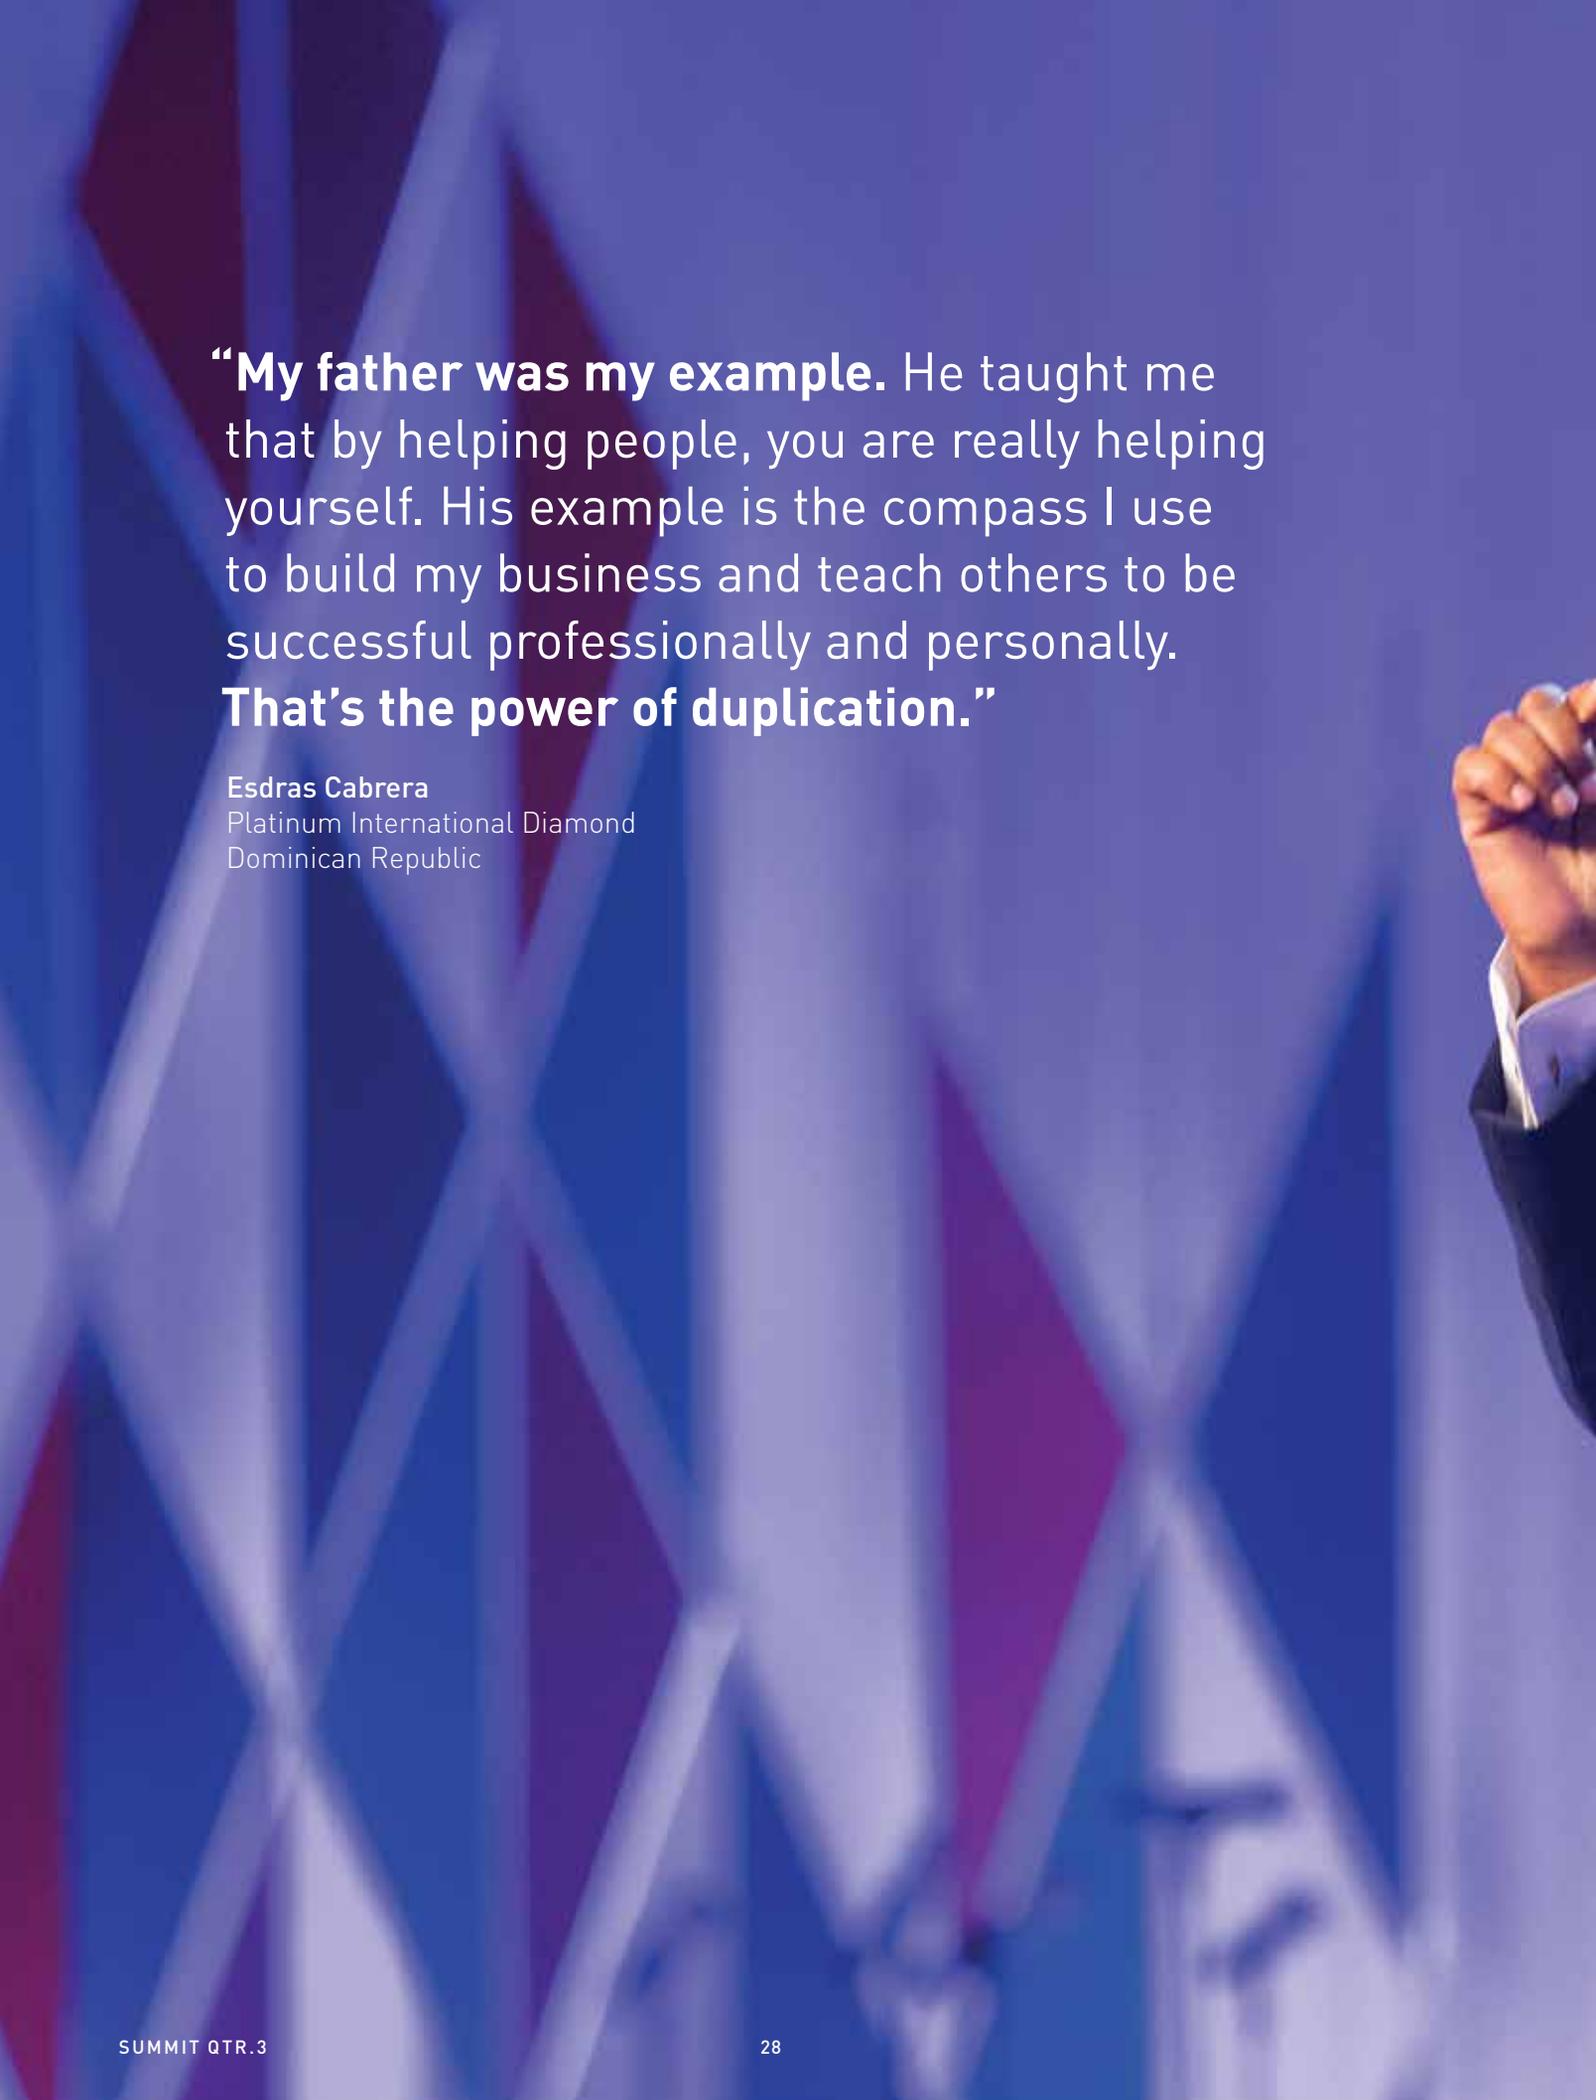

*Distributor earnings vary as a result of numerous factors. Earnings statements are not intended to guarantee a particular outcome, but rather show what is possible based on a broad range of 4Life distributors' historical data, personal commitment, and skill level. All references to income, implied or stated, through the Life Rewards Plan are for illustration purposes only.

+The payout for each generation continues for an infinite number of levels until reaching a distributor of like or higher rank, at which time you begin receiving the payout for the next earned generation.

Read more about the Life Rewards Plan at 4life.com/corp/about/success, and always work with your upline leader to achieve your business goals.

“My father was my example. He taught me that by helping people, you are really helping yourself. His example is the compass I use to build my business and teach others to be successful professionally and personally.
That’s the power of duplication.”

9 Steps of Duplication

In a general sense, “to duplicate” means to make a copy that’s exactly like the original. In network marketing, duplication is one of the most powerful principles to achieve success. When you utilize a proven system, experience growth, and teach that system to your team members, your entire team can reach phenomenal heights. It’s important to work with your upline leader at every step of the process. Learn from the success of those who’ve gone before you!

Master the steps

Step 1: Define your dreams.

Define your dreams, and make a plan to achieve them. At 4Life®, we call this your “why.” Write down your dream or create a vision board. Share your dream with your spouse, family members, and friends. However you define your “why,” make sure it’s strong enough to keep you motivated.

Step 2: Establish your goals.

Goals have the power to create energy and momentum. It’s useful to break them up into smaller, achievable short-term goals with due dates. Reaching the Diamond rank should be the foundation for accomplishing any goal in your 4Life business. As you reach milestones, you will gain confidence and your team members will follow your lead.

Step 3: Determine your commitment level.

Like any worthwhile endeavor, being a 4Life® distributor takes hard work and dedication. Your success will be determined by your level of commitment. Commit to the system, yourself, and your team members.

Step 4: Make a list of prospects.

People are your primary resources. Your list of prospects will be your most precious asset to help you grow your business. Try to list at least 30 people to start, including people you feel would be most open to your invitation, such as family members and friends.

Step 5: Invite your prospects.

There are a few different ways to invite people to learn more about 4Life. You can invite someone during a one-on-one meeting, an online conversation, or a phone call. You can even invite someone to watch a short video about 4Life.

Step 6: Hold two socials.

Present 4Life to your prospects through what we call socials. These can be done in a webinar or social media group, over the phone, or in person—typically at someone’s home. Before you host your own social, attend one hosted by your upline leader to learn how to do it.

Step 7: Follow up.

Set a time to follow up with your interested prospects. Give them 24–48 hours to review and process the information they received. During the follow-up, don’t argue with or pressure your prospects. No matter what they decide, consider this an opportunity to build relationships with everyone you meet.

Step 8: Consult with your upline leader.

This step is actually an ongoing process. As you work on steps 1 through 7, it's important to consistently check in with your upline leader to evaluate your progress, develop new strategies and goals, and make adjustments when necessary.

Step 9: Duplicate yourself by teaching the steps to your team members.

Take all of the information you've received from your upline leader and use it to repeat these steps in your business. Once the steps have become second nature to you, it will become much easier to teach them to your team members.

“Duplication consists of teaching and modeling the basics so that new team members understand them and can teach them to others. When you accomplish this, your organization can multiply beyond what you personally put into it.”

Duplicate with 4Life Transfer Factor® Products

4Life Transfer Factor can be found in more than 25 4Life® products. It's the foundation on which thousands of distributors have successfully built their businesses. When you share key facts about 4Life Transfer Factor and your personal experiences with the products—and teach your team members to do the same—your entire team can experience success. This product line was there at the beginning of 4Life, so make it the foundation of your business!

How can you duplicate with 4Life Transfer Factor?

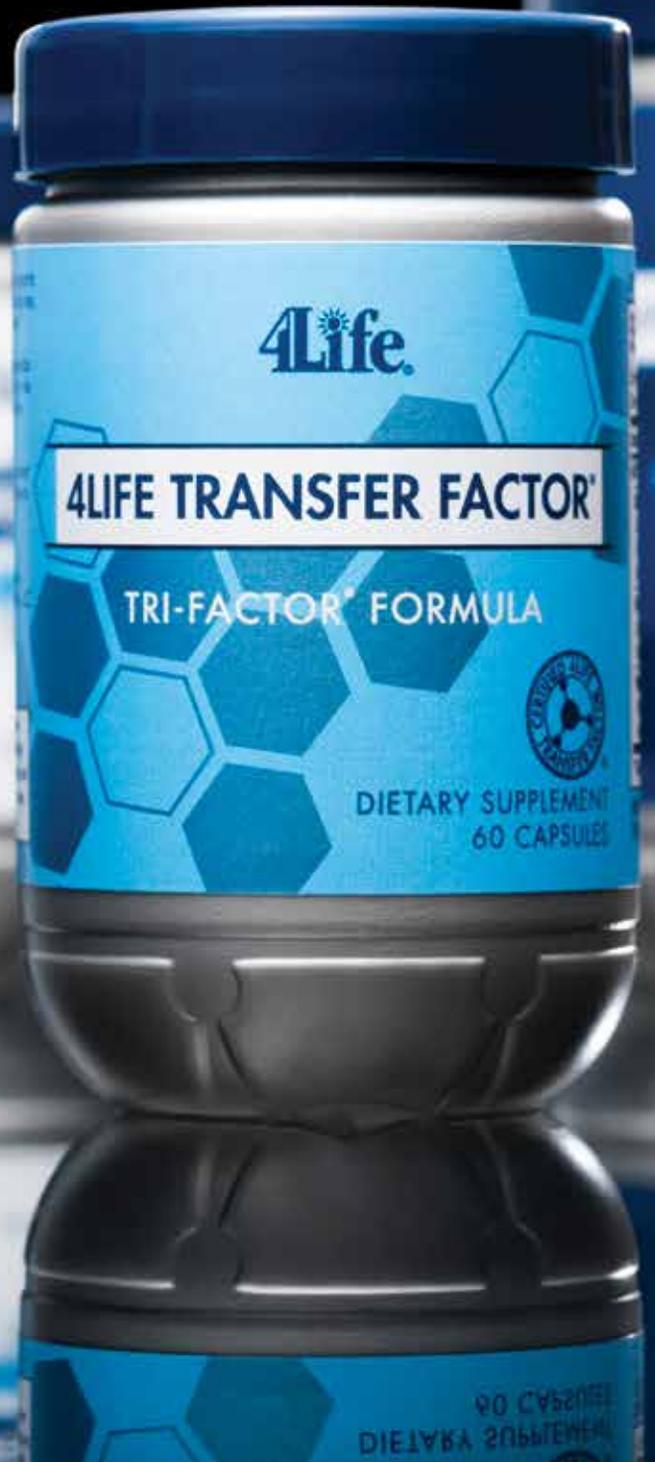

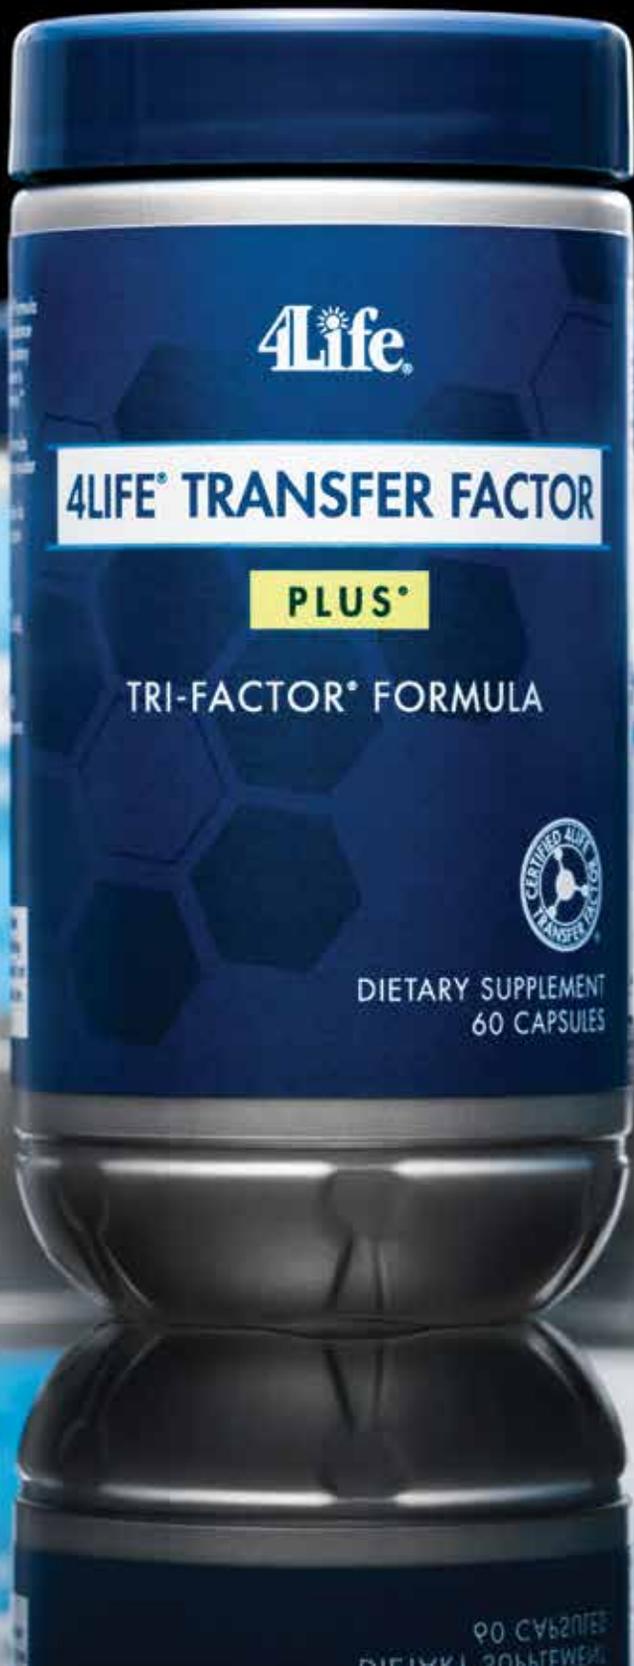

Duplication is an important part of building a successful 4Life business. Tell prospects how 4Life Transfer Factor products changed your life, and encourage them to get involved. When they're ready to pass on this knowledge using the same process, you've duplicated yourself.*

Pique their interest with unique statements.

- Raise Your Immune I.Q.® with 4Life Transfer Factor products.*
- 4Life Transfer Factor products helped me to feel my best. They can help you, too.*
- I enjoy more financial security because of 4Life. Do you want to know what makes their immune system products different?*
- 4Life Transfer Factor products helped me start and expand my business. They can help you get started, too.
- 4Life Transfer Factor products are different than other immune system products on the market.*

- Transfer factors aren't vitamins, minerals, or herbs, but rather peptides that transfer immune memory.*
- 4Life® obtains transfer factors from cow colostrum and chicken egg yolks.
- 4Life® Transfer Factor Plus® Tri-Factor® Formula boosts natural killer cell function by up to 437%.*+
- 4Life Transfer Factor® products educate immune cells and support the immune system's ability to more effectively recognize, respond to, and remember potential health threats.*

Share personal experiences.

In addition to facts, share your personal 4Life Transfer Factor story. Focus on how 4Life Transfer Factor products have affected your life and business. Be yourself and share why you love them. Here are some simple dos and don'ts to follow.

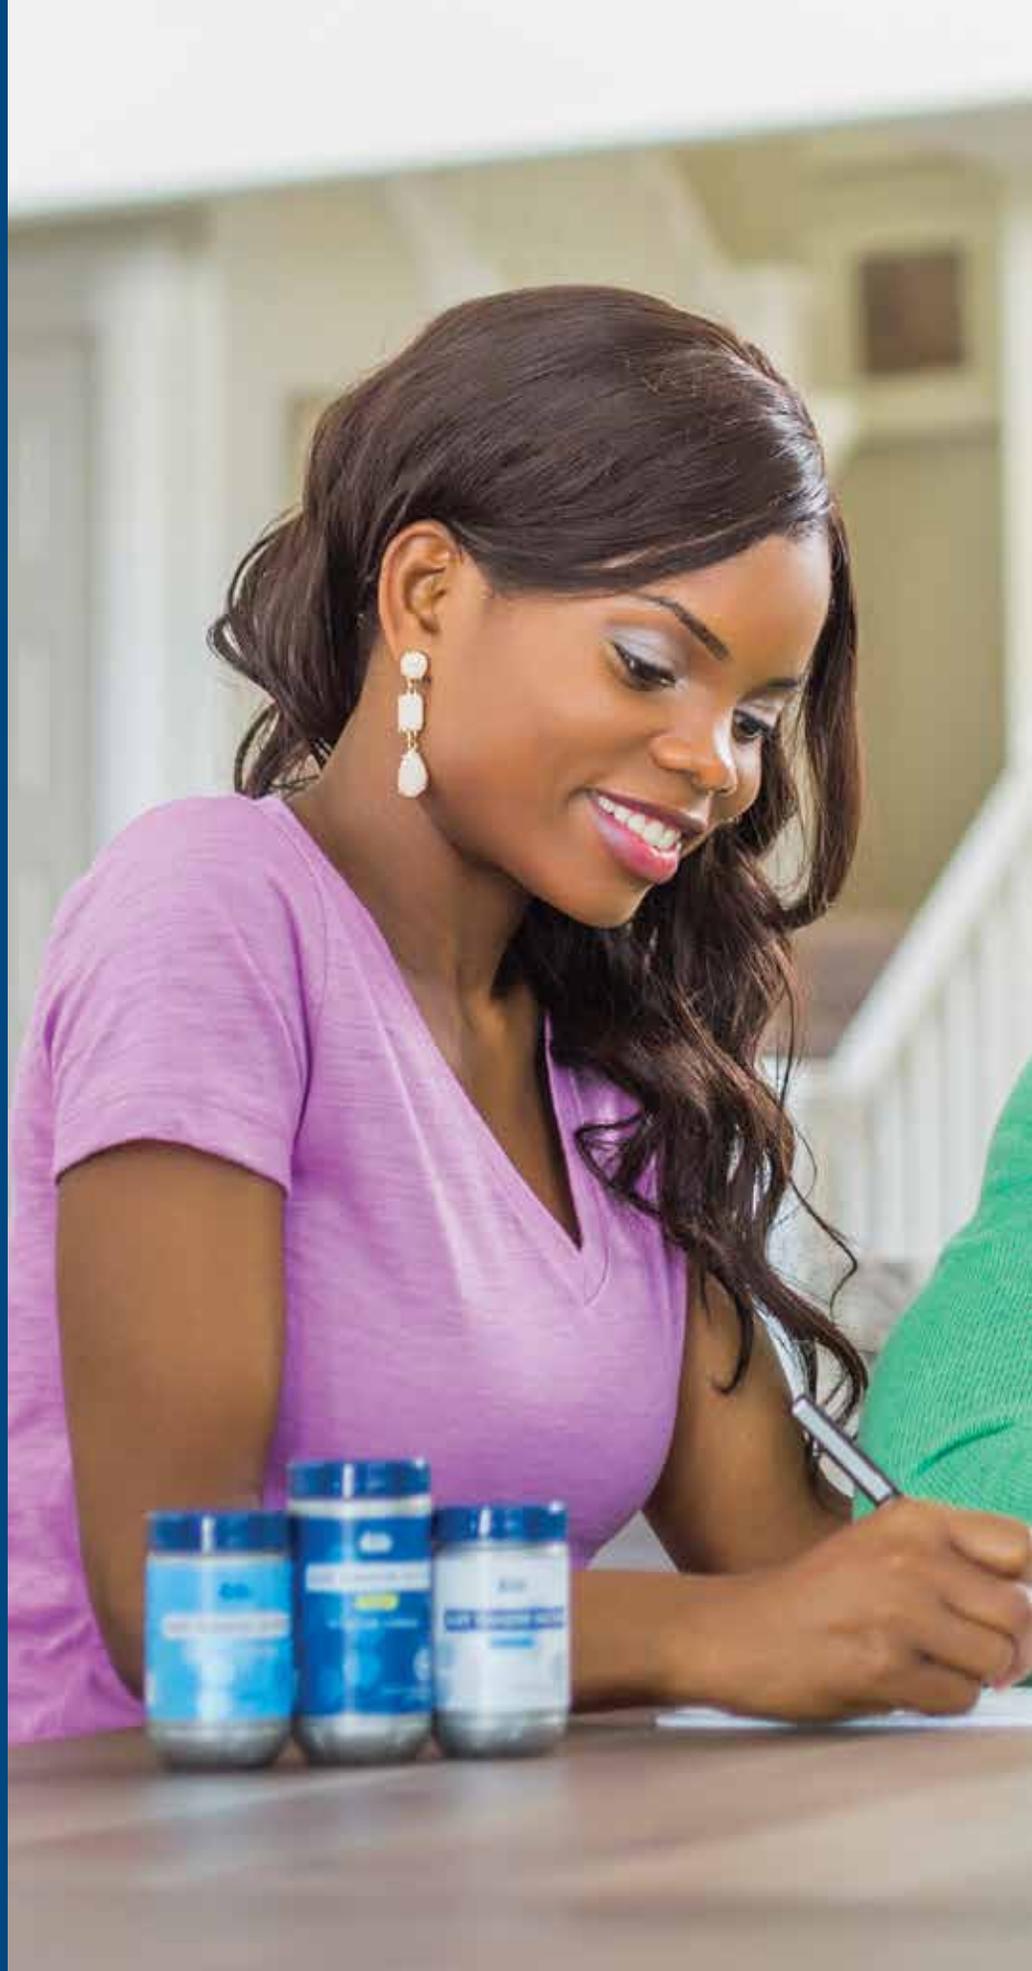

Do:

- Make your story unique.
- Keep it simple and don't overwhelm your prospect with too many details.
- Offer company-approved statements about 4Life Transfer Factor products.
- Share what you love most about them.

Don't:

- Claim that 4Life® products treat, prevent, or cure diseases or illnesses.
- Copy someone else's story.
- Be pushy. If someone isn't interested, that's ok!

Follow these simple guidelines to create conversations about 4Life and 4Life Transfer Factor. Conversations may lead to questions and more interest in the company. Duplication takes time and patience, so don't feel discouraged if people aren't initially interested. Always be polite and leave the door open for future involvement. It takes practice, but have fun and be yourself!

What do you love about 4Life Transfer Factor®?

“Since we learned about 4Life®, countless physical, emotional, and financial blessings have come into our lives. 4Life provides high-quality products and the opportunity to form a team that becomes like a second family.”*

Jardines del Norte Is Ready to Soar

Nearly 2,000 individuals live in Jardines del Norte, Honduras. When Foundation 4Life® representatives first visited the area in 2010, the community didn't have access to proper sanitation or clean water. Children were malnourished and

lacked adequate schooling facilities. As a result, most children had little hope of bettering their lives. Families were searching for a chance to break out of poverty and create better opportunities for themselves and their children.

Six years ago, Foundation 4Life® and Feed the Children partnered with Jardines del Norte to help the community develop self-sustainability for years to come.

- **February 2011:** The Foundation 4Life community center was completed, providing warm meals for children every school day, classes on self-reliance, and a new water system for cooking, cleaning, and hand-washing.

- **April 2013:** Bathrooms and hand-washing stations were constructed at the Marco Aurelio Soto School, and improvements were made to community hygiene, sanitation, and nutrition with the creation of a recycling program and community garden.

- **April 2015:** Two additional classrooms with air conditioners were built at the school, increasing the number of students who can attend.

- **August 2016:** A computer lab was constructed at the school to connect the community to the world and provide a place for older students to do their homework and mothers to track their home-based businesses.

With a great team effort, Feed the Children and Foundation 4Life have harnessed resources, tools, and knowledge to elevate this community to new heights over the past six years. You can be proud of the legacy of service that the 4Life® family has provided in Jardines del Norte.

Foundation 4Life has truly built a legacy of service in Jardines del Norte, and we are ready to make our mark in new areas of the world!
